The ESGD team is continuing work in the Matching & Blessing area based on the foundation of the European Second Generation Blessing Department. It was founded in 1998 by elder European Blessed Children, has worked closely with the International Blessing Department, and successfully restarted the European BFD in 2007. We have worked with BCs throughout the last 20+ years and want to carry on offering support for brothers and sisters through the different stages of their matching and Blessing journeys.
