TESTIMONY - (brother) Shogo Neahma - from 3-day resonance Workshop - from North Sheba Heavenly Japan serving full time Church Service

(bows and gratitude)

speaks Japanese translated

I am eldest son 6,500 Couples' parents... Blessed in 2020... He has a 3-year-old 3rd generation daughter and is now serving full time in the North Sheba area, our Department responsible for Youth Seonghwa and Church Youth Ministry, taking part in the 3-day Workshop, a time of truly receiving True Parents

The song we sang at the Opening Ceremony, 'Net of Light' passed to the line, 'May we Dry our Parents' Tears... May our Parents' Tears Soon Dry' tears began to fall for no reason I could explain. I went to Cheon Shim Won afterward and prayed to True Parents to tell me the reason for these tears.

Then at the Vigil Devotion first day, we heard shocking news that True Mother had to go back to the DC. I could not believe my ears, and I had the thought growing bigger and bigger inside me, 'Why must this happen?' and another thought, 'Why did You keep hurting the 2nd generation this much? Why did you not give them Love?'

I have never thought this way before and was surprised. Up until the Workshop, I have been visiting the families in my care and I saw how much the 1st generation suffered. And I heard them say, 'We want to save our 2nd generation somehow.' I thought how the first generation did everything they could and only wanted to save the 2nd gen. I had never thought anything like this (that I prayed)

Even so, the thought came our of me that I did not know what to do. I could not sleep with a troubled heart. The next day, through the lecture on the Prayer of Resonance with Cheonshim, and through the HJ Testimony time, I received the Answer. True Mother's Words were introduced during the Lecture.

True Mother: 'Do you Know what is hardest to Bear? It is when people who love each other come to carry 'han' toward each another. Nothing is harder to bear than this.'

The moment I heard these Words, I Realized that, although True Mother Loves the 1st generation, it was the 2nd generation that Hurt Her Heart Most.

When I Prayed about this, in the Resonance Prayer after the Lecture, no Words came out, only endless Tears. Ah, Heavenly Parent is Crying. True Mother Is Crying. I Felt this by Intuition. Because She is our Parent, True Mother has Felt the Pain of Her children, especially the 2nd generation more than anyone. These endless Tears were True Mother's Tears.

Truly, in Spirit and in Truth, True Father immediately Gave me the Answer I had Sought at Cheon Shim Won. I came to Realize that this is why True Parents's Tears have never dried and kept flowing, and I could Feel Heavenly Parent and True Parents's Tears within my own body. And from deep within my heart, I Felt Hyo Jeong and Filial Heart welling up, 'I Want to Wipe Away these Tears of True Parents.'

I went to Cheon Shim Won and Reported this, 'Father, TY. TY for Telling me so quickly the Answer I Sought. I will wipe away True Parents's Tears.' Then, without delay, True Father Said in a Strong Tone,

'YOU TOO'.

Because I was in a Spiritually Uplifted State, I Understood right away what True Father Meant. It was a question, 'How much have you True Loved your wife? How much have you true loved your brothers and sisters?'

As it happened, I had quarreled with my wife before coming to this Workshop. When we sat down to reconcile, I thought, 'I have not Understood my wife's heart at all.' So once again, I thought, 'True Father knows everything.'

I Realized that this is not about a story of someone far away. I Realized that I must Love the person closest to me. And at the Reading of the HD the next day, my heart surged so much that I thought I may never have Felt such a Thrill in the Word before.

'The Heart of Love Shines through Sacrifice. When the husband has a heart of sacrifice for the wife, the wife, before that sacrifice, strives with ever deepening Devotion to become his partner.

I Realized that by Loving my wife who is right in front of me, is truly the way to wipe away True Parents's Tears.

What I felt through these 3 Days was Gratitude and Deep Emotion. True Parents's have made the Path before me, that I can win. I thought, 'What have I been doing all this time?' That I did not Witness this is nobody's fault. It is because I did not become One with Heavenly Parent and True Parents.

Through these 3 Days, I felt in my own body, the Heart of a Parent Looking at a child. And I Learned to Look at the Person Closest to me with Heavenly Parent and True Parents's Heart and to Love them. First, starting from my own family, I will become one with Heaven and Seek Out the 2nd Generation.

With this Grace Spreading out all over Japan, like Waves from Heaven, centering on General Director of World HQ Moon Shin chul, we will bring Joy to True Father and True Mother and HPs. With this, I will end my Testimony. Heavenly Parent and True Parents Saranghamnida...

HJ REPORT - Director KIM MYUNG WOK - Education and Counseling Center

Nice to meet you all. At this 1,692nd Special Vigil Devotion, I'm so Grateful to Heavenly Parent and True Parents for Allowing this Occasion. (She speaks in Japanese)

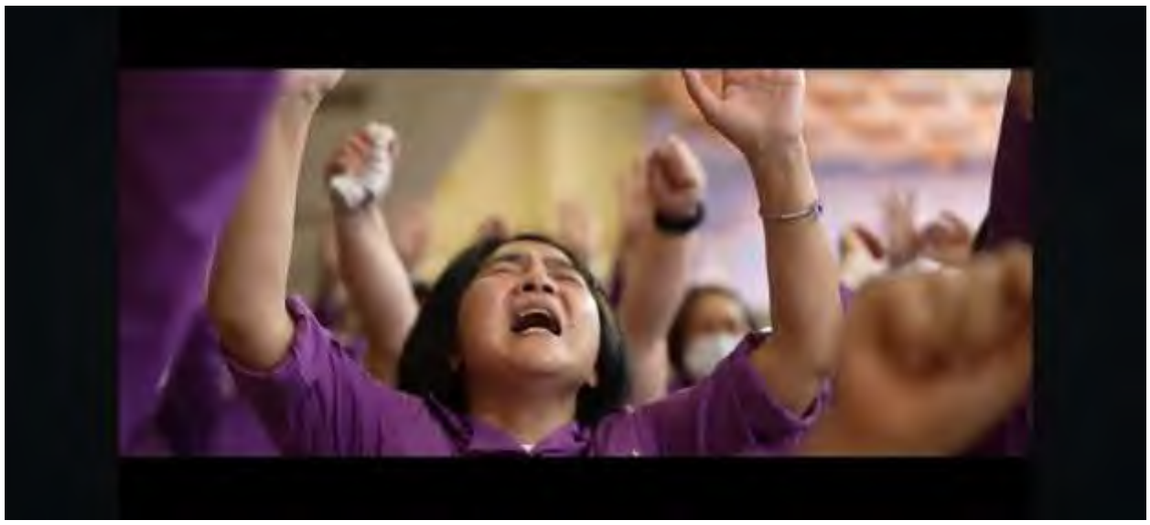
884 Members from Japan, you Offered your Greatest Devotion for the Cheon Shim Won Hyo Jeong 3-Day Workshop in this beautiful Season of Autumn Great Works, and this Report starting True Mother's Words.

True Mother's Words: We must Develop many WSs and we must make them run on their own. And we must Strengthen Counseling. We must Devote our Strength to 2nd generation education.'

Centering on these Words of True Mother, HJ True Father Counseling Center, at all times, will Resemble True Mother and True Mother has said that all Members must Participate in all 4 GWs every year. Thank

to the Grace of True Parents more than 155,000 Gathered and Registered for the Autumn GWs.

True Mother Said about many spiritual problems of 2nd generation and through Liberation of central spirits, they can come to have Hope. We must have Dominion over the SW. Only then will all these resentment spirit withdraw, receive education to become good spirits and the Heaven Realm Mother and Father Kingdom on earth and in Heaven will come to be.



In 2023 on November 2nd, all of the Education Staff Received the Cheonshim Robe from Pres. Lee Gi-seong, and by participating really well in the Cheon Shim Won Devotion, our staff became really united. And facing many Members, on June 1st 2026, all of the staff Received the Cheonshim HJ Rod, and while holding onto the Special Rod, a lot of our Members who Received the Special Ansu said about that amazing difference.

And all of the staff ask Members to hold onto the Rod as we do the Counseling and Ansu. 34 of the Volunteers, and also 7 of our staff of the HJ Counseling and we were able to do the GWs Hyo Jeong ansu and the mothers come with the 2nd generation, and we could see great changes...

With the meaning and value, we would give an orientation and explain how the Special ansu is the Greatest Blessing from Heaven. 583 people Received it and Counseling for 53 people.

This year's GWs had more than 2,000 people receive the ansu and on the tour and 12,000 at the GWs and 52 per day... And when we see so many coming, we see how much interest there is, but the staff and volunteers are so tired and will make food ourselves in the small office have a meal at least once a day. And last Chuseok Thanksgiving, there are 2nd gen that don't have anywhere to go and I wanted to feed them the traditional Korean food.

Easting that, they were so Grateful and sent that message. I Wanted to Share.. I didn't Want to do it by how my body was aching, but because of you, I did it....

True Father's Words: There are many kinds of illnesses in the eyes, nose, ears and mouth. No one knows when your situation will suddenly change, and the spirits will take you away and give you illness and then give you medicine.

We don't know how prevalent this is... In Kusan Church, and the itinerant minister. His spine was in a condition that surgery couldn't help. He came by Special Grace and then Received the Special Ansu holding the Rod and really felt the central spirit was leaving, with lower back heating up. I can walk distances now...

The wife was truly devastated for her husband not knowing what would happen and came with the thought he could Receive the Ansu, and I was so grateful for this change.

Heavenly Parent and True Parents We Love You

another... a spiritual phenomena happened to me and I felt a spirit in my body and painful things in dealing with people gave deep pain... I thought I might fall into depression and sought Ansu at the TC... And the Counselor looking at me, I felt emotions and tears and a being other than me began to speak. I was asked if various feelings came up and I could not answer and I fell asleep and saw a man covered with blood from head to toe who experienced beating and whipping abuse and then with the expression of gratitude, that spirit she asked, 'It was so hard wasn't it?' and he nodded, repeatedly asked and then left in the liberation after expressing much gratitude.

I was told to go to Cheon Shim Won and give gratitude... And even afterward, I felt my head hurting and thought, 'I must plead with all I had' and the staff told me I could apply and now after Ansu again I am back to a normal state, after going through spiritual phenomena for 30 years. I felt this was possible especially in the GWs Period and I always attend and I hope all of you are sure to Attend.

another 2nd gen from Japan had schizophrenia... suffering for a long time... I Offered bows and HD and devotion and drinking water every day... The anxiety gradually decreased...

husband: hard during the week, but I make sure to attend on Friday... I saw the picture of the Ansu... and my daughter in law received help from not being able to conceive, but their relationship was so much better, taking for an hour every day, and they reported to the Counseling Center every day and now can start their family... There is hope in your situation for a better tomorrow.

(She had suffered for 17 years with schizophrenia, and after 21 days of Workshop, it disappeared and no problem for taking the medication. She worked so hard for the Event of the Workshop. And they sent a

lot of green onions and we made pagimchi spring onion kimchi... and she will go to Japan tomorrow with new life... applause)

another

True Father: What is the cause of family's fighting. It is because they think that they exist only for themselves. If there is something to eat, they think it is there for them alone to eat. That is why there is the break out of conflict and fighting. You must keep in mind that that is the very arrogance way, centered on Satan.

another True Parents's Words: All churches would say that God Wants to Live more Joyfully Together within the human family. The Place where we Learn to Give and Receive Love, the Place where we Create and Nurture Harmony to Feel the Joy of Others as our own, is none other than the family. And this is the Core of our Faith.

Without being Raised in the Love of a family from infancy, one cannot Develop the Ability to Love a Spouse or Children.'

It's such serious Words I wish to share in the Counseling... The reason why starting from the young age, we need to Nurture 2nd generation with sincere Devotion and Love.

This 2nd generation had the difficulties with her father and mother and then that affected the relationship of her Blessing. I took the 80-day Workshop with them this time. My father's health was very difficult and facing the problems not faced for so many years, and because of being hit and the fighting of my father and mother, it was agonizing, and during the Devotion period we have been working to improve our relationships with all conditions including fasting...

I did the liberation of central spirits, but at the very last moment, a great 'han' rose again. Why didn't my parents face this problem and fight it together with me? Where on earth to release this heart. I Poured Out everything to Heavenly Parent. How could my heart heal? Why won't my body heal as my heart Resolved. And to my mother, 'Why did you leave me alone until I became like this?' These were deep wounds.

We went to the Holy Grounds together and practiced conditions with Special Ansu every day, attending the Cheon Shim Won Vigil Devotion too. I did the liberation of central spirits and kept on striving. But on the 38th day of the 2nd 40-day Workshop, it all was poured out as 'han'.

I want to love my parents and resolve these problems, so we went through the Family Counseling Sessions and di the practice that the family members each stand as close or far as the feel to the other. far as they felt is the distance. The daughter asked herself: 'How much does he really think about my situation? How much dos he really care about me? Why doesn't he treat me as precious. My heart feels closed.

It was really a surprise to the father who never thought that the distance to his daughter was close or far.

He said, 'If I wasn't worried about my daughter I never would have come to the TC. Because I thought of my daughter I came to the TC. I thought of her. I did not oppose her Blessing, but agreed. I agreed and came all the way to Korea for the Wedding. I feel I've done everything for my daughter. Isn't my daughter overthinking this?

Kim Myung wok says, 'So, your wife and daughter are living in a different world of feeling. As a man, your feeling is that you came here all the way because I worried about you.' A woman is not satisfied with that, and wants to hear more that it was because of missing them, loving them, because of them, I came because I'm truly worried about you. Every woman wants to hear these words of it being all about them (not focused on what the husband did more logically)

You think God doesn't know my heart. You think you did your best, but from your daughter's position, she cannot see that you did your best. You took the Workshop, you've been to the Workshop and shared hearts, yet your daughter' heart is still far away over there. That means that during the Workshop you didn't say. 'Daughter, let's work together, daughter let's share a meal, daughter let's talk today, daughter let's walk Mother's Heart' You didn't do that. Try deeply seeing and feeling your daughter's heart.

Not just think about it, but expressing that 'My daughter, I did so little for you (as you wanted me to and needed me to). My daughter, you hurt so much.' Try having this kind of conversation starting now.

The father stands and bows and says, 'I'm sorry, such words don't come easily to me right now, but during the Workshop, I tried to consciously tried to develop a father' heart. It is hard for me to express my feelings, and I have even used violence against my daughter.

This may sound like an excuse, but in Japan I used to be with the self defense forces. It was extremely strict. Violence often came first that happened before the words. So I think I sometimes raised my children in the military way.

I Want to say from the heart that I am sorry for everything until till now (bowing some as he speaks), my daughter.... (quiet period) then... 'I love you.' I hope that even with a father like this, I hope you will come a little closer to me.

There may be times when I can't say the words you hope for, but I will try to become a father who can say those words, and get used to saying them.

the daughter: Looking at my father, I can tell he never heard tender words from my grandfather and grandmother. And in his school life and in the self-defense forces, and in this shimul relationships, he may have felt lonely. But I understand that, because he's a man, he does not show his loneliness by

putting it into words.

Even after my father started working in society, he heard all kinds of insults and criticisms and kept working without rest. When I imagine in Prayer how hard it must have been to protect the family, tears come.

But at church, whenever I heard the Words that we must Love with Parental Love, my heart was in such Pain. My parents never loved me, so why must I the child love first.

Kim Myung wok says: Don't talk about the past. Talk about now. Your father said he didn't know how to express himself. He was very shy, and so he stood up and approached you respectfully and told you that he love you. That is how your father is changing, makes changes.

the daughter: I was surprised to hear from my father that he loves me.

KMW: So, are you happy?

the daughter: To hear that... yes...

KMW: Congratulations. Then from that one phrase, can you come closer...

the daughter: 'Yes'

KMW: 'Then please do.'

the daughter: She rises and steps closer with hand over her mouth and face (tears?) and she steps a lot closer and then sits down on the floor.

KMW: Just one phrase: 'I love you' and look, your daughter came from all the way over there to here. Say it one more time.

the father: 'I Love you.'

the daughter: Gets up and goes to hug her father...

the mom is sitting on the side and cries.. and everybody cries...

KMW applauds and cheers

the father, while embracing his daughter, 'I'm sorry daughter. Dad will try.' and the daughter says, 'I'll try too.' and DMW comes and embraces the daughter too and says, 'Well done' (the mother steps closer to them both)

Now the daughter speaking about the mother...

'I feel my mom is behind me but I want to understand and get closer, but I can't be honest, so this is how things are.'

the mother: 'Mom always loves you. So, I hope you will open your heart and tell me anything.'

the daughter: 'My heart is heavy and it won't open.'

the mom: 'What can mom do so that your heart will open?'

daughter: 'I don't know.' 'It's not that I don't care. It's that my own heart won't open easily.

mom: 'Come when you're ready.' 'Shall mom go over there?' (KMW comes quickly and take the mom to her daughter.

mom: 'Mom is always holding your hand. I'm by your side. I worry about you. I will always come this close to you. (KMW is helping her, feeding her the words and then she steps away)

the daughter: Why didn't you ever tell me until now. (She says with pouting lips)

mom: 'I'm sorry. Because you were the eldest, I put too much on you, telling you to do better and take care of your younger siblings. I was burdening you... I didn't take good care of you. I was not able to understand your heart. From now on... (repentful) (KMW: Look into each other's eyes.) Trust and follow me. Let's do this together.'

the daughter: 'I was always thought of last. It's not that I hate you, but my heart won't open.

(KMW: Think of your mother with worn out wrinkled hands, exhausted from working all day washing dishes. Think about how tired she must have been. Could she even hear her husbands voice and hear her children's voices? You have to think about how hard your parents worked to feed and raise you. Without that gratitude, hearts cannot connect.

(The mom looks down and the daughter is looking at the mom as KMW speaks) I think you mother did her best. She lived devoted to her family. Try expressing your gratitude for that (The daughter moves closer to the mom and rubs her back and the mom smiles with such gratitude for that understanding and they hug (KMW: Now you can hug each other can't you?)

the daughter: 'I'm sorry mother. I selfishly blamed you for your shortcomings. I selfishly forgot to be grateful for your hard work. It was thanks to you that I could grow up healthy, lacking nothing, never

sick. I'm sorry that I lacked gratitude and only complained.

the mom: It's alright.

the daughter: I always worried, 'What if my mom collapses. But I did the opposite. It was I who should have and shown by my actions that I understood you, but I just kept blaming you. I'm sorry.'

the mom: 'That's not so..

I wanted to make you happy. What can I do?

MMW brings them together... Tell your parents, 'TY for apologizing to me today so sincerely and saying today that you love me. (KMW: Parents say 'Let's do well together from now on and make that promise to each other)

the daughter: 'Father, you always worked so hard every day and you came to the 40-day Workshop together with me. Seeing you Offer Devotion even harder than I did truly moved me. (KMW is nodding approvingly and encouraging these words that came naturally, sincerely from the daughter) Thank you for coming with me. TY for everything until now. I love you.

The dad: 'I love you too.' (KMW is gently clapping gratefully with her and the dad's head bowed)

the daughter: 'Mother, Loving dad and loving your children, just the housework alone must have been hard, yet you carried on a life that was not easy. You made efforts beyond words. And I want to discover and know more of them. (KMW nudges them together and they embrace while the mom and KMW pat and rub the back of the daughter...

the dad: Last month I had a dream that someone was chasing me and I was truly terrified... But Director Kim came up from behind and caught me and said, 'It's all okay right now.' And I feel this Dream overlapping with how I feel everything is going to be okay from now.

I had a Dream of Mother in a White Hanbok Dress. And Mother suddenly sat down and Gave me a Certificate with the Character 'Han'. I asked Director Kim what this Dream meant. And she said it means I need to become One with MHM. That made so much sense.

Through Director Kim Myong wok, I made the Determination to see the way to follow through for the Vigil Devotion, and got up earlier to do it, also doing the other conditions, and it was quite effective.

Also, my thinking changed to, 'What would True Mother have done?' I began Thinking from Her Position and Heart, emphasizing how the other person would Feel. (The wife's frown mouth has become a smile as her husband speaks) I constantly made it a habit. I think that was the greatest Harvest for me. With a heart of continuing to Love no matter what happens, I will Strive even harder through it all.

The mom: For so many years, I failed to Convey my heart to my daughter and made my daughter spend a long, lonely time. Hoping that she too would be able to say her heart, this time, I took part in the Family Counseling Program.

the daughter: What touched me was that my father and mother could Express the heart they Wanted to but could not. (The father and mother are bowed to fully really listen to their daughter) The father and mother's love came to me fully, just as it is. I thought it may have been a moment when our ancestors,

who had been waiting so long, could finally feel family relationships and problems being untangled here one by one.

This time was possible because Director Kim made time for us, despite being so busy (the father nods his appreciation of that) and because of the staff's devotions behind the scenes. I thank you from the bottom of my heart. 'Heavenly Parent and True Parents TY. I Love You' and they make hearts with their hands and wave together... (now the mom's face became so more natural and smiling more than all scrunched up from before... wow, what a heavenly work of KMW's Result)

KMW: In fact, I don't have time to do this family consultation. However, looking at this family, my heart ached so much. The father had a stroke in the past, but was able to go to the Blessing and his face turned bright. The mother joined the Workshop later, and I was looking at her face, and Wanted to Resolve this situation. The daughter was standing at the Entrance, and I thought it would take hours, but because of the father's sincere words, 'I love you,' the daughter was able to close the distance and run to her father. I truly hope that every family can live happily.

True Father: The Family is the most important tool of Love in life. Through the realm of the family, through the education of Love and the emotional education that only the parents can give, children grow in the depth and bredth of their Shimjeong. This becomes the Cornerstone that forms a child's character.'

And I would like to share about Branch President Sakua's family. The Branch President used to work in the media for several years with Chairman Anhoyol. However, by Anhoyol participating in the Cheon Shim Won Vigil, he would then participate with him.

When the Vice President Gave a Testimony, he listening to the Testimony and he Realized about the central resentment spirits, he thought of his father's difficulty and couldn't defacate for a week. But after the Liberation of the spirits, there was a Grace-Filled Testimony, and the father was liberated also from his health situation.

Right after that, Rev. Sakua felt that he Wanted to Receive the Grace of writing the HJ Offering Paper, and 3 of his 3rd generation children didn't want to Receive the Blessing, but after his earnest heart to Heaven, the 2nd son, the 3rd son and the 1st son, in that order, came to the 40-day Workshop.

And this Workshop and participated well and were being changed. The father was then Appointed by True Mother as the Branch President, which is in itself miraculous. Then Receiving the Message from HyoJn, HeungJN and True Father in the SW, President Lee Gi-seong Reported it to True Mother, and True Mother Said, 'You need to bring him.'

And after his Report, True Mother Said, 'Your Words are Correct.' And he Received the Confirmation to become the Branch President of the West African Branch. And he's doing his best. I went to Africa last year. It was such a dire and difficult environment. And looking at Vice President Sakua and Hong Son min, how they Work so hard. And thinking about how hard it is, but all of a sudden, both of his sons participated in a GPP Workshop and also Joined the Academy.

They are doing their best. And I think the 3rd child is now in Europe in the Volunteer Corps. The 1st son, when participating in the Yeongseong Workshop, he came to me for the Consultation. And I asked, 'Is there anything you need consultation for?' He said, 'My father used to cry (because I was not wanting to follow his path).

Look into your father's eye and feel his heart. Look into your son's eye and feel his heart. Both of you hold hands.

'I had a hard time as a child, I tried to follow my dad and live a life of Faith, but I think I was still trying to go my own way, clinging to something inside me to the very end. Living that kind of life, I forgot why Heavenly Parent Created me, why I was born. I hurt people and made many mistakes I would take back if I could.

I was 17 then, and didn't know any better. I see myself now, that I just assumed there was something sad in dad and mom's heart, but never tried to Fully Understand them until the end. Heavenly Parent Gave me Love. Dad and mom Gave me Love, and I Want to Confess that I never tried to Understand.

I always wound up criticizing the Love that they Gave me, but it turned out that the Love they Gave me was befitting to everything that I said about me. When I said I wanted to leave the Church. I think part of me wanted to test dad and mom's Love for me, how real it was.

I don't want to imagine what my dad Felt when I said I don't want to go to Church anymore, but I came to see that this decision gave a deep wound and great weight on your heart.

Now, I often Meet Heavenly Parent, and Walk the Path of God's Will. And what I always Thought is that I should have Talked with dad and mom back then. If I had only Talked with them, all would have been Resolved. It just like when Adam and Eve fell. If they only would have Talked to Heavenly Parent, it would have been Resolved. And I made the same mistake. I'm sorry.

Now that I know Heavenly Parent is with me, there's Hope. And I Feel I can live even harder, but in my Relations with dad and mome it's still hard, and I Think I Need to Open my heart more. I'm sorry I couldn't share with you what was in my heart all this time, dad. Dad, I think you Walked the Path Heaven Wanted you to. But because you kept holding onto Heavenly Parent and True Parents, I came to Want to be Closer to HPs. Thank you.

The dad, Rev. Sakua: 'Even if being a parent means pain and a hard path, I'm sorry that you decided that you wanted to keep your distance from Heavenly Parent and True Parents and I let you go down that path of pain. Still, thank you for wandering for just 2 1/2 years of your short life and coming back. There's only one Path of Heavenly Parent and True Parents anyway, so let's Live hard for Heavenly Parent and

True Parents, for HMH, let's Live with all we have.

When you have children, Teach them that. TY my son, TY for making this Time possible, and you truly are my son.' (They hug and the father even pets his hair.)

KMW directs the son to make one full bow to his father, thanking him for raising you so well. And it means that you will do well for him from now on. (He does a full bow and stays bowed for a long time, gets up and half bows again) KMW says, 'Why don't you Give your dad a big hug and tell your dad your going to live hard and please watch over me. Congratulations

(We see the amazing, natural and holy and smart, wise and honest qualities raised up in a Blessing generation of this father, also as a son of Heavenly Parent and True Parents...)

(They hug and his father even gives him a kiss also, --I think he may have kissed his father at the onset of the hug-- and his father adds, 'Let's Work hard too, and the father makes a priceless, Proud smile in front of Heaven. What happiness like this is also there for a parent, a father, on the other side of such Pain as a father... and isn't this what the son needs most in his life... to make his father truly Proud and Happy)

KMW says: 'How can you kiss a son that big, but because of the Sincere Repentance and the Moving Reflection...

And Gyeong hui 경휘 is currently participating in the Yeongseong Workshop and applause to encourage him... He has an American mother and he used to be a soldier.

And the other son is participating in Europe and the 1st son is also doing well... When True Mother went to Africa, and whenever they went to Africa and South America and Europe for countless times. I wondered how it was possible for them to go. It was difficult for me (at a younger age) but for True Parents, True Father over 90 years old, how was it possible for Them to Tour around the world?

True Mother went to Africa in order to Resolve the resentment, the 'han'. And at Gore Island, to Resolve the resentment and Sorrow of the African people through the Benediction. And they were sent here to the Main HQ, Last December, I did the Tour in Mozambique and Congo, two places, but it was so hard.

Because of their request, we will go to Ivory Coast and Cote D'Ivoire, starting from November 9th to the 19th. I truly ask for your Prayers and Devotions for the Victory. I ask for your Prayers that I will not catch malaria. I will go there.

This is Pastor Hosok cha of the CheonBo Family Church with her story. 'True Mother Gave us a 6-month Blessing Period. And there was a time of activity. And that time I felt that my chest was being pulled by a thread. That was the beginning, and it hurt so much that I could neither breathe nor move.

I few days later, I was shown a Dream and a Revelation in the very place that I had been sitting... so I thought, 'That's why it hurts.' My lower back kept hurting on the right side. While Keeping Vigil at Cheon Shim Won, I Thought that if Heaven would let me Meet Director Kim, naturally I would tell her about it. I kept Attending the vigil, and after 3 months I ran into her.

Though it was hard, Director Kim Worked on me from my lower back to my legs while sweating. I felt so sorry and so grateful. Then Director Kim said, 'Please stand up. How is it now?' And I said, 'I feel completely healed. And I Gave my Greeting.

Heavenly Parent and True Parents, You have Given us Cheon Shim Won as a Gift, and with Devotion of Love we will Spread It worldwide. This year of the food dragon, please drive out the resentment spirit from the mouth, so that we can have energy. You have Given us Cheon Shim Won and the Holy Salt, so that we can find righteous people. Heavenly Parent and True Parents, TY so much, I am completely Healed, TY.'

She is such a famous person, really risking her life for the Will and the witnessing of the people. Currently, she is now doing the one-on-one Divine Principle Education for 46 people and 4 of them joined the Church, 15 people have participated in the Vigil Devotion, and 7 people are participating in the Services. Eight people came to the Ansu and Received Healing. They will give a lot of word of mouth to others, telling them they need to go to this Service and Vigil. She is currently Witnessing to 2 of the men in Seorak. applause for her

During the last GWs, this is a person brought by Pastor Hosuk ja: Through my connection with the Pastor, I was Attending the Church and HJ Yeoksa, and I like the Pastor so much and Received Ansu from Director Kim Myong wok. It felt so much better, so I came again. This is my third time. I came because my leg hurt so badly, and after Receiving Ansu, it feel wonderful. My body feel light and I'm so grateful.

another, a Member from Japan: I had a surgery for a herniated disc, and the wound had not yet healed. Because of my back, if I don't wear the back brace, I cannot stand up straight. Receiving the Ansu was good. I applied through my Church.

With the Ansu, I felt something like a spirit living in me. My body trembled and the word, 'thank you, thank you' kept pouring out thousands of times. The place that Received the Ansu became one, and little by little, I felt warmer, and naturally, it felt lighter. Then, when I stood up, I could stand up straight on my own.

I really thought how great the Grace is when you Receive the Ansu. I had never had such an Experience. Seeing results come all at once in such a short time, I thought no such Fortune Exists. I truly Felt that this is a Special Period. I really Hope you will be sure to Receive Special Ansu, even just once. TYVM'

The Relationship to Heavenly Parent and True Parents was really Precious. We Became the Blessed Family through their Blessing and we are Working so hard in order to Fulfill the Name of the Blessed Family. For me, I have the deep Connection and Relationship with Heavenly Parent and True Parents, and I have Worked here in the TC.

True Mother, you don't know how Kind She is, Yeonghwa. When I Said to President Lee Gi-seong that my daughter received an award, and afterward this was Reported to True Mother, and She Gave me some pocket money and encouragement.

There was only a few people participating in the Vigil Devotion up until the 400th Vigil Prayer, we didn't Understand, the staff didn't Understand this Heart, how much would have been Offered in order to Lead this Vigil Devotion. And I had a Dream at the time of the 400th. It was at the World Center, when people Filled that Path Entirely. And I Felt that I Need to go to the Vigil.

With the 448th Vigil, I saw a Vision. I was so surprised. Shike? Juice was Given by President Lee Gi-seong, and I had the Spiritual Vision and Revelation that there's a lot of Spiritual Needles in my head. And also, he Revelation where a Parkinson person started running. And through that, I was Bestowed the Cheonshim Bone upon the 300th Vigil, and President Lee told me that I Need to really Love Entirely with the Cheonshim Bone.

Upon the 800th Vigil Devotion, I had the Vision that a lot of Members will come from Japan. In another Vision, Mother Gifted me green shoes. I Received it and at the 847th Vigil, True Mother Came to me with a frail Appearance, and with the Heart of Embracing True Mother, I told Her, 'You Need to Rest.' But She Said, 'How can I rest?' I told Her, 'You Need to Go to the Sea.'

Before that my daughter said, 'Have you ever told us to go to the sea.' Mother Said, 'To go to the sea with my children.' With endless Grace of Going To the Cheon Shim Won Devotion and going to the ocean. And President Lee told me to give a HJ Report and Testimony. He endlessly Wanted me to be onstage. I was contemplating how I don't know how to do it. There's no script. And during the Vigil, when I received the mike, there were times when I couldn't do it because of that.

President Lee is really looking for the talent of each of the staff, to Nurture it. I never saw this kind of Leader. I was Working in the Public Position for 30 years, but President Lee was Embracing us through

Love, and Allowing us to Grow through Love, Continuously and Endlessly Believing in us and Asking us to do such things.

And September 22, 2026, President Lee told me that True Mother is Asking, so I never saw True Mother, but we went to Meet True Mother at Cheongeong Gun at that time, and I Gave Her we had this time with Ming hwan, and another Member who overcame Parkinsons. Because of that, True Mother Gave me a coat. And in 2020 True Mother Told me that DMN's Work is hard. She Gave me Words for 40 minutes, and Told us this was the Life of DMN because She Fulfilled.

And She Said, 'You Need to Fulfill DMN's Works and Save all the brothers and sisters.' And whenever we were on Tour, I couldn't say, 'I'm tired'. With the Heart of, 'I will die on the field,' that kind of Shimjeong, even when I fall, Heavenly Parent and True Parents are Protecting and Helping me. Through the encouragement and Love of President Lee Gi-seong, I was able to stand in this Position.

Through a lot of Testimony, I truly Hope our brothers and sister Believe and Trust in this TC and Receive the Love of Heavenly Parent and True Parents and True Mother like me. And I would like to end this HJ Report. TYVM... hearty applause

BREAK and BUSKING

Hoon Dok Hae

You must know how fierce the Course of Restoring the Situation of Mother has been. After 4,000 years of human history, God's OBS Jesus, was here between Heaven and earth. What Good News this is. What Blessed News. Since such a Person has Appeared in the history, all humankind must Stand on His Side, all of Heaven and earth must Stand on His Side, and the Creator too must Stand on His Side.

That is why whoever blocks His Path will Perish, and whoever Welcomes Him will Prosper. That the OBS has Come, this is Happiness Itself.

God Sent the OBS First. That is why until now history has been woven by men. And now that the OBS has Come, the OBD Must Come Next. Jesus is the Father. The Holy Spirit is the Mother Spirit. You Must Be Moved by the Mother Spirit, Because Everything, Everyone Must Love through the Mother's Spirit.

The Mother's Spirit Must Come and Make my Body and Mind Clean, so that I can Experience Becoming One in Spirit with the Perfected Father. Without that Experience, there is no Way to be Born Again. It is Said that Whoever goes against the Son of Man can be Forgiven, but whoever goes against the Holy Spirit cannot be forgiven.

The Holy Spirit is the Mother Spirit. No one can come into this world except through the Mother's Womb. Because we were born wrongly, we must be Given Birth to Again. Because we were given birth through a false love, we Must Be Given Birth To Again Through the True-Love Mother... If She had not fallen and become the True Ancestor of humankind, but She fell and gave birth to fallen human beings.

That is why humankind cannot be Saved and the Holy Spirit even today, is holding onto humankind enduring the Labor of Giving Birth. You must know how fierce a Course the Restoration of Mother has

been. All of history has been a long and painful history of conflict and struggles and shed Blood just to find one Adam.

In that scene, you cannot imagine the Price of Sacrifice that has been Paid to Find the Mother. To Carry On the Mother's Spirit, People Received the Revelation thousands of years ago and Prepared, and their Line continues from generation to generation until this Age arose.

CP TC is the Home Base that Liberates you from the dark resentment spirits. You must go to the CP TC and hold the ancestor liberation ceremony and the ancestor Blessing Ceremony. You must quickly Liberate your ancestors and let them Receive the Blessing. Only then can they, as ancestors of the angelic world do the Work of Protecting the Blessed Families of the world. Then, there will be no tribulation in your family and you will step out of the realm where satanic spirits can invade. Otherwise, you cannot get out. You will simply remain in a satanic realm. Aju.

PRESIDENT LEE GI-SEONG'S SPEECH

This is the 410th day of True Mother's difficult path and the 3rd day of True Mother's Redetention.

I'm sincerely Grateful for about 40,000 gathered to Offer Prayer and Devotion with one heart. Some say, 'Do you think it will really make a difference if we offer devotion? Some people say such things. But what would happen if we don't sincerely Offer Devotion? We need to be united more than ever. This is the Path Heavenly Parent Wants us to take and we need to think, 'What is the Root of our actions and our Words.

Direction Kim Myung wok's Report was about the unhappiness in the family being the satanic spirit's arrow, in the Place that that enemy would invade the most...

Even if your children are sick or in a marital dispute, they will end their fight to go to the hospital together, they will end it to go together to care for their child, if the children are sick. Those who could be united as one must think of their Root of Love. What is the Root of our actions and our words?

Because I am the President of Cheon Shim Won, some think I have all the Authority and Power, and say such things by that: The only Authority is Sending this Message of Cheon Shim Won Vigil. I am not only Offering this Devotion, I am Educating the trainees' Vision of a Leader.

During the Yeongseong Graduation Ceremony, I Gave a Message for 2 hours in the Benediction. Even thought I'm going through so many difficult things, I'm not Moving Forward only just by Offering Devotion. With the Responsibility to Restore Gapyeong, I didn't stop at Offering Devotion, but I did my best Moving Forward and Unfolding Activities.

We Need to Have the Heart that we Need to Fulfill our Responsibility. The condition of accusation for ourselves is not doing the Responsibility and just complaining. You will receive judgment according to your portion of Responsibility. You need to deeply reflect if you are Fulfilling your portion of Responsibility. In order for us to Fulfill, I truly Hope you will Offer sincere Prayer and Devotion.

In Cheonon Special District 182 are Connected in the Main Branch... and Munyeong Church the 777th and Chinchun 700th and we need to go high so to Experience the Words of Heaven...

Cheon Shim Won in LV USA and Philippines and Malaysia 590 Places... 1,081 trainees gathered here at the CP

By gathering more in the PW, even greater Power for the SW to move and greater Protection for True Mother. The staff and the lecturers Appearances of Devotion and Sharing the Word and they Experience the Cheonshim Resonance Prayer and I Hope they bring this Fire to H Japan, even without the Venue, renting a Venue, the surrounding spirits can be sorted out. Through the Powers of your lips cast away the dark spirits.

This is the Era of Day. To cast away the dark night we need to Words of Light Established.

We heard the Testimony of the pastor asking why he was Experiencing Tears he didn't Feel as his own. And the Thought, 'Why are you Giving this pain to 2nd generation and why aren't you Loving them.' He only Thought about True Mother later, that True Mother is Suffering the Most and Heavenly Parent and True Mother are crying.

With a heart of HJ, Wanting to wipe away the Tears, and I Hope you will also have a heart of HyoJeong. He Heard a Voice and Realized that Heavenly Parent and True Father and True Mother are also Crying for him, because of him not Loving as They Wanted to Love through him. And having just had a quarrel unresolved with his wife.

With the HD, he was Moved with an Experience as not before, not just reading the Words but thought, was there a time he was so Moved. Cheonshim kumyeong HD... We Need to Resonate with Jesus... so that the Great Grace and Power of Re-creation Comes. The Pastor Yiuwon wo who Gave the Lecture at 100 years old. And the Power of Sharing the Words, he started to Restore his health then. The Power of the Words.

You will see that when we say, 'TY to the water' the molecules change to be so beautiful or ugly is we say hateful Words... When we participate in the Cheon Shim Won with a bottle of water, the position of cosmic resonance will change the water to be the most precious.

When we think about how Words have the Authority of Re-Creation. KMW Gives the Assignment of Hoon Dok Hae and Full Bows... When we do the 400 Pages and with Sharing and Shouting It Out, there can be Great Grace.

You must Know how fierce the Course of Restoring Mother was... for the Marriage Supper of the Lamb, in order to Indemnify and wash clean all things and humankind, upon the sacrifice of billions of people, you cannot imagine... and education of the Epic History... You don't know how much Sacrifice has been Paid to Find Mother, from thousands of years ago until this Age Arrived... This is True Father's Words...

Through the Manifestation of the Mother, the Rebirth. There is a Great Grace that Spirits in the SW can be Resurrected and Reborn. This is the Place... all Workshop and PW can be Restores Here, where there is the Womb of True Mother. That is the Cosmic Victory that we have Established this Place. We Must Quickly Raise our Ancestors for the Blessing, and then stepping out of the satanic realm of spirits...

We cannot be able to Enter Heaven without Knowing the Original Hometown. We Need to Know that Hometown in the Holy Songs... Even we are living in this Restored Garden of Eden, if you have a low spiritual level, what would happen. We Need to Think that we have Met the Citizens of the Original Hometown. True Parents's Have Authority to Lead all the Ancestors and BFs to the Original Hometown and all the resentment attached spirits are separated.

Before there was nothing you could do for the ancestors that have already died. As the BFs and tribal messiahs, True Parents have led all to be able to be Liberated. In the future, for H tribal messiahs, even you are not pregnant, if you work hard, you can have thousands and thousands of children, the Restored Ancestor of your tribe, the CheonBo Registered Blessed Family.

If we have been Completed as a Cheon Il Guk Citizen, we Need to Resonate. It shouldn't be that Parents Shed Tears and we don't Resonate with them. Pray that True Parents's Blood Flow in our Blood. In order

to Fulfill those things, Offering that in One Heart and Spirit, I truly Hope that Fire will Burn and Happen through this Evening Prayer. TYVM
