TESTIMONY - SAKUA KYUGI - Moshim Workshop trainee

(bows and gratitude) wow strong applause

eldest of 3 brothers 3rd gen of 2nd gen 300 Blessed Couple Sakua Mitsu and Sakua Kiyara

I would like to share about the Love I Receive from HMH in the Attendance Workshop. I was born on the Marine Corp Base next to the North Carolina, where my mother was serving as a soldier in the US Marines. My earliest memory is waddling along the seashore toward my mother...

From an early age, I loved going to Church very much. It Felt like a Place Vibrating with Love and my heart was happy every time I went. The Church was as Warm and Gentle as a Family. Moreover, there were many friends to play with, the meals were delicious, and as time passed, I began to sense that there was something Profoundly Important about the Church. Looking back, those days were the happiest moments of my life.

Living that way for a Lifetime might have been good, but Heaven had a Calling for my family. When I was 8 years old, my father was Asked to Work in the Internatinal Cooperation Dept., and our whole family moved to Korea, where the land and the culture were unfamiliar, but I remember my father teaching Korean to the American Church members a few times.

Because I knew my father did well wherever he went, I felt a security, and because I grew in my mother's embrace, I was not outwardly worried. In truth, what was most difficult for me when moving to Korea was cutting the many ties and relationships I had built in America up to that point, leaving behind my maternal grandmother and grandfather and school friends in America, my heart ached as if it were cracking. Holding onto the Hope that we would return some day, I endured that pain.

However, as the years in Korea grew longer, I laid down the thought of returning to America soon, and began living with the thought that I might live in Korea for a long time. Even so, the yearnings for connections in America was so intense, that in order to carry on with my life, I began living while ignoring those aching feelings as if stuffing them deep into my pockets.

From then on, I lived 15 years of my life gradually closing the doors of my heart. After that, the only ones for whom I could open my heart were my family. Eventually though, an incident occurred where I closed the doors of my heart even to my family. That was the day I told my parents that I wanted to leave the Church.

Having Experienced the severing of ties at a young age, I began to wonder whether my parents would also leave me some day. Ultimately, to confirm whether my parents' Love was absolute, at age 17 I told my parents that I wanted to leave the Church. From then on, a shadow of despair began to cover my once Hopeful Life. Family relations were no longer the same. And I began to grow constantly more anxious.

After spending a gloomy year of high school and freshman university life, with the Desire to Restore my Relationship with my parents and find my Life's Purpose once again, I took a leave of absence from the university, and at my parents' recommendation, I Attended the General 40-day Workshop in the TC, participated in the 21-Day Workshop in Cheba, Japan, and went to the US to join the GPA, a one-year Faith-Training Program.

Through Heaven's immense Grace and Love, I who had not clearly known the Existence of Heavenly Parent, Encountered Heavenly Parent while doing Fundraising. strong applause Because I knew Heavenly Parent Existed, there was the natural Mindset that I ought to help Heavenly Parent, and I began Missionary Activities. After being active as a Missionary in America, I returned to Korea and participated in the Pure Water Assembly and immediately joined the 24th Yeongseong Workshop.

I agreed with the reasons my father suggested for Attending. Because the Situation of HMH was Critical, and my grandfather's health was also poor, I Participated in the Yeongseong Workshop with the Purpose of Offering Devotion for the two of Them at that time. While I was still Searching for my personal Purpose, the Public Purpose was with a Clear Goal.

The 40-Day I Offered toward that Clear Goal were Offered most intensely. The first Lecture on Cheonshim Ansu, which I approached as risking my life for Devotion for HMH and my grandfather, I Prepared Hands for Ansu and Felt the immense Grace of Chanyang.

In addition, during the Cheon Shim Won Resonance Hoon Dok Hae, I Directly Experienced Heavenly Parent's Heart and a Wailing of Tears Broke Out. Thanks to that Experience, I Became Able to Bring to Mind and Feel Heavenly Parent's Heart at any time anywhere. During the 2nd week of the Workshop, I made the Decision to Apply this year for UPA, which I contemplated for a long time. And now I have completed the interview and I am waiting for the result.

In order to spend a victorious cadet Life when Accepted into UPA and with the Heart to Offer even more Devotion for Mother, I Came to Participate in the 12th Moshim Workshop, where I Learned about the meaning of Moshim Attendance, and I engaged in a great deal of Service where I could put it into Practice Directly. Furthermore, I began in Earnest Walking the Path of my Original Self. The very day before the Moshim Workshop Began, after having a Consultation with the Coordinator, I Felt the Need to Find my Original Self.

From the first day of the Moshim Workshop, I began a 40-day Condition of Reflecting for 7 minutes on the Theme, 'Who Am I?' Upon that Foundation, I Determined the Goal for the 3rd Week of the Workshop to focus on my Goal to Find my Original Self. Heaven was Listening to my Resolve. Starting the very next day, I Felt Heaven's Guidance.

The Theme of the Message from the Intensive Prayer was, 'In Search of Essence' and Dealt with Methods to Overcome Trauma, and during the Resonance Prayer Practice, the Content Emphasized in a Genuine Life of Faith is True Love and Heaven's Guidance was so Close at Hand.

Furthermore, upon climbing up to the Tree of Blessing, at another trainee's suggestion, I Felt Emotions Welling Up from my Original Mind and Heart. Especially on the 24th Day of the Workshop, I had an Unforgettable Experience. That day was Mother's 2nd Instance Appellate Court Hearing. And during the Vigil Devotion, my father Gave a Report before Returning to Africa. Having taken a Korean/English Course for the first time, I directly interpreted my father's Report.

In addition, I Visited Hyojinwon? Guest House for the first time, and it was also my younger brother's birthday. Singing 'Way Maker' at the HJ Praise that day, I also took on the role of leading the Praise for the first time. The moment I held the microphone I started to Feel Heaven's Cooperation. By Leading the Praise, I Realized one crucial Truth. When I empty myself, Heaven can Work through me.

I Realized that to Love others, Healing my own heart is Important, but only when emptying myself can Heaven's Love be Conveyed Completely. Of course, there are still many problems I Wish to Resolve, and I must Continue Striving to Achieve Peace of Mind and Body, but Preparing the Become a UPA Cadet Going Forward, with Desire to Offer more Devotion for Mother and deeply Set Down the Roots of Faith, I Resolved to Serve at the Yeongseong Academy. strong applause

Serving in the Academy, I will Learn Faith in daily life and become a filial child who widely Conveyed Heavenly Parent's Love. Above all, once again I Want to Open the Doors of my Heart and Restore my Relationship with Heavenly Parent, and through that Establishing Relationship with the people around me, I Wish to Reclaim my Original Self. I will Grow into that Original Self that Heavenly Parent and True Parents are Searching for.

Lastly, I would like to Offer my Gratitude for all the Grace and Love Bestowed by HMH. I Dedicate this lacking Testimony before Heaven. TY for Listening. Heavenly Parent, let us Fulfill Heavenly Parent's Dream Together... strong applause

2nd TESTIMONY -

Name :.....

-Utsunomia Church

(bows and gratitude)

Hello, I am..... 2nd gen Blessed child and would like to share about the Encounters I have had with Heavenly Parent and True Parents up until now, and my Feelings through the Course that led to that.

Every since childhood, I wondered how a world full of peace could be Realized. However, meeting people with diverse hardships and worries, I Realized that peace could not be Solved by human power alone. To someone like me, through a Workshop I Attended in my first year of high school, I had the Opportunity to Meet True Mother in Person, and I Gained the Conviction that Heavenly Parent truly Exists.

I Resolved that in the future I would become somone who Leads the Providence. Since then, I have undergone various WSs and Training Programs. Even after Entering Sun Moon University, I came to CP 3 times to undergo the 40-day Workshop. Among them, on the 6th day of the final Yeongseong Workshop, I was able to Meet True Mother in Person. However, Feeling heavy hearted because I Felt that I had not Grown to the Standard I Desired in the Workshop Period, I kept shedding tears before True Mother.

To someone like me, True Mother Welcomed us with Warm Words. And at the end, She Asked us, 'You will Witness, won't you?' While other trainees answered confidently, I could not answer easily. Honestly, even before Attending Workshop, I had been doing Witnessing Activity, but I Felt that Witnessing was not as easy as one might think.

Even so, True Mother Asked again, confirming it 3 times. In the end, Feeling that I too must answer, I replied in a quiet voice, 'Yes.' At that, True Mother Said, 'Thank you.'

In that way, I made a Promise to True Mother regarding Witnessing. After Completing Yeongseong Workshop, I Attended a final 21-day Workshop to Establish a Condition for the Remaining 3 times. The Day Following the Graduation Ceremony happened to be my birthday. And coincidentally the Kick-off Ceremony for the First Top Gun was held on that day. Engraving the Words Mother had Given in my heart, I Resolved to go on a Mission.

The next year, I was dispatched to Brazil as a Member of the 2nd Heavenly Top Gun, where there was only 1 Member family and the Pastoral Couple who had been together with us during our Witnessing Activities. Although I departed with the Resolution that I would definitely Establish a Foundation for the Church, in a prayer room that was not Connected to Cheon Shim Won, in the end I was not able to produce the Expected Result.

Therefore, after taking a leave of absence for one more year to returning to my Mission field, I came back to Korea. Not long after concluding the Workshop, I Received News that True Mother would be Transferred from the DC to the Hospital. We Missionaries Gathered at the DC crying out Her Name with

a loud Voice toward True Mother Who was Seated in a wheelchair.

However, I could not Meet True Mother's Eyes. In that Instant, Realizing the Reality that True Mother truly could See, I could do nothing but Cry. Overwhelmed by the Feeling of my own helplessness, returning the Moshim Workshop, the Church to which I Belonged even closed its Doors due to the dissolution of H Japan FF. In that moment the Faith that had been within me crumbled. I no longer had confidence to continue Walking this Path, and the thought crossed my mind that attempting to do something myself might only worsen the situation.

Nevertheless, with a heart even in such difficult situation, wanting to Offer Devotion for True Mother's Sake, I came to Participate in the 7th Moshim Workshop. During that Period, there were moments when doubts arose as to whether the Devotion I was Offering Held any Meaning. Yet, toward the Conclusion of the Workshop, hearing the News that True Mother was able to go to the hospital, I deeply Felt that Heaven was Listening even to such lacking Devotion.

Taking this as an Opportunity to Offer even more Devotion for True Mother, I Embarked on a new Kick-off Ceremony of the 11th Yeongseong Academy. After Joining the Academy, I Applied for the 5th West Africa Branch Volunteer Corps, with an earnest heart to Offer Devotion for True Mother's Acquittal and Release, and put into Practice the Witnessing Training of the 6th Yeongseong Workshop.

Because lingering regret remained from Wanting to my past Brazil Mission field, and giving up before and Returning to Korea, I wanted now to do my best in this Africa Mission Field. However, as the past experiences still weighed on my heart, stepping forward into Witnessing Activities with confidence was not easy. To someone like me, one day, the Branch Director spoke about the Mission of the missionaries. He said, 'When going out into the world, there are members who have not yet Met True Parents in Person, and a generation will come that will not be able to Meet True Mother Directly.

Therefore, he told us that what we must do is directly Encounter Heavenly Parent and True Parents, and Convey to others what we Felt and Experienced during that Course. Hearing that I Reflection the past ten years, in which I was focusing only on the methods with which I was to make True Parents known to people. Yet, thinking how I had myself arrived at this point, by Heavenly Parent's Working, not by human power.

Therefore, my Witnessing must be Connected to Heavenly Parent's Guidance to be effective, beyond my own efforts and abilities. While always feeling that I was too lacking, much Experience and Grace had already accumulated, and Confidence for Witnessing was rekindled within me.

After that, when a witnessing candidate visited the Church saying, 'I'm going through a difficult time in my heart. I would like it if we could pray together.' And after Praying together with that person at Cheon Shim Won, we parted ways. However, later I Received the message from that person saying that the heavy, troubled heart they felt had completely vanished.

When I heard that news, I was truly overjoyed. Above all, the fact that I could Share with that person the Love and Works of Heavenly Parent that I so Longed to Convey and Experienced First Hand the result was my greatest joy. Taking this Experience as a Turning Point, my Mindset began to shift little by little.

Although the reality that we remain amidst difficulties has not changed, I Believe that if we can Create Hope within, we can Advance Forward once again. applause Those Who Walked such a Course was none other than Heavenly Parent and True Parents, and the Weapon of that Struggle was Prayer and Devotion. Moving Forward I Want to become someone who can Offer Devotion Consistently for True Mother's

Acquittal and Release, and Demonstrate Faith and Hope before Her.

Lastly, Offering Gratitude to Heavenly Parent and True Parents Who did not give up on me, but Guided me, I Conclude by Testimony. applause

HJ REPORT - SHIN DONG MO - Special Missionary Itinerant

(bows and gratitude and greeting)

On this October 1st of the H Calendar of the 14th Year of Cheon Il Guk, beloved Heavenly Parent's children, I am very grateful to Offer this HJ Report. Today, I Hope that all our Reports and all our Vigil Offering today will Connect for True Mother's Acquittal and Release. And with that confirmed Heart, I would like to Give the HJ Report

True Mother's Words: We must Command and Move the SW from Cheon Shim Won. The Result must be Seen and Solve problems on earth. 365 days a year we Must Be Able to go to Cheon Shim Won and See Father and be Able to Converse with the Realm of the 4PF. In Cheon Shim Won Is where humanity can always Experience and Live Attending True Parents. If you Pray and Offer Devotion in Cheon Shim Won, it is Fulfilled. Centering on Cheon Shim Won, which Attends True Father, HyoJN, HeungJN and DMN, all Members must make Loving and Becoming One a daily Lifestyle.

True Parents Word again: Amidst no one Recognizing the Providence, I Walked out Alone and Established the Condition of Restoring 7 Nations and 7 Religions and Restoring Continents and Proclaimed the Settlement of Cheon Il Guk. However, we cannot stop with just that. Heavenly Parent's Dream and humanity's Wish is to Live the Life of the Kingdom of Heaven on earth ((Heavenly King Mother and King Father's Reign on earth and in Heaven))

Therefore, all BFs and CheonBo Families must not linger in that position. We Must Fulfill our Responsibility. I Pray that all of you Become BFs that Create a large, wide and high Environment of Attendance, where you can Attend Heavenly Parent together with Me.'

True Mother, as She Proclaimed the Settlement of Cheon Il Guk, She Allowed us to have Cheon Shim Won and the (first) yearly Motto, 'In the 13th (now 14th) Year of Cheon Il Guk, when we Attend the Creator Heavenly Parent Substantially, Let us the BFs from around the world Become true sons and daughters of Cheon Il Guk, Fulfilling our Responsibility as Chosen People in Unity with True Parents.'

This is the Motto that True Mother Gave us. In today's Report we will Move Forward with the Title: 'True Children of Cheon Il Guk Who Fulfill our Responsibility through Cheon Shim Won Devotion' and as well, I would like to share about my Tour.

On June 20, 2024, True Mother Gave me the Direction to Go around to the Churches in Korea to Give Lectures. So, I have Toured around 162 times. Recently, I went to Cheongnam Church (8 Churches). Centering on these 8 Churches and Communities, I would like to Share some main testimonies.

Through this Touring and Lecturing, as I used AI and Gemini to settle down the Contents of the Reflections, these are the 5 major themes:

the Establishment of Heavenly Parent and True Parents

the Recognition of True Parents's Chambumo Ron

Providential Grace and heartistic Inheritance Centered on Cheon Shim Won

Continued Hoon Dok Hae Education and family Devotion following Liberation and Blessing

Healing and Repentance of Spirit and Body through Chanyang and Ansu

Returning of 2nd generation and dormant children\

One-to-one Witnessing and Resolution for onsite Practice.

These are te major themes I found from the Reflections.

1. Establishment of Heavenly Parent and True Parents and Recognition of Chambumo Ron/True Parents's Theory.

So, through the Lectures and Testimonies of closely Serving True Parents and Providential Insights through the Writing and Advisory Process of True Parents's through Heavenly Parent's Providence, Members went beyond simple concepts to Reverify the Victorious Value of True Parents.

So, it analyzed much greater than I expected, and it made me speechless, but that's the result I received. Just yesterday, this is the Testimony of the Hyo Jeong in the one church:

'Because True Mother has been re-detained, amid such confusion and heartache the Workshop was Held, but once again I was able to See the Value and Status of True Parents. and I was able to Believe in the Value of the OBD, True Mother once again. And I Set a New Start with strong Faith and New Resolution. And I Feel Deeply Grateful.

The 2nd Part... (Reading the entire Book in front of the members), I Felt like that Book's Drum Sound was Sanctifying the heart of the Members and the entire Church. It was truly a Revival Gathering in which I Felt a lot of Love and which Allowed me to Shed Tears.'

Including this, there were a lot of Testimonies...

'The Providence never misaligned even a single degree, Centering on True Mother, throughout human history. I was able to firmly Believe that True Father and True Mother are Completely One. And I was Able to Receive a Firm Answer Regarding the Reason for Prayer.

Regarding the Chambumo Ron, it was a really Grace-filled Time when we Aligned our Frequency with the True Parents's Theory. I was Able to Realize how much Devotion True Parents's have Established in order to Proclaim True Parents Themselves.

So, clearly Understanding the Final Completion of Compilation of True Father's Original Text as well as the Substantial Word of True Parents's Settlement as well as the Providential Connectivity between the

Proclamation of the Providential Start of Cheon Il Guk.

Through the Creation Principle Perspective of the Commentary on the True Parents's Theology, the Chambumo Ron and the Heart of the Holy Mother Han, True Mother, and the Meaning of Providence in Shedding Deep Tears.'

One of the interesting things about our Gathering was asking about True Father's Greatest Interest. And this is what Members have Felt through the Revival Gathering. So, let me read this part.

'Recently, because I've been lacking and feeling awkward to Pray in the Name of HMH, but at this Revival Gathering I was Able to Receive a Firm Answer that, True Father in the SW when He Looks at the BFs, He Always Wants to Ask the Question, 'Are you Attending True Mother? Have you become One with True Mother?' That is the Question True Father is Asking every time. So, when I Offer Prayer in the Name of HMH, Heavenly Parent and True Father Truly Feel Joy and Listens more to that Prayer. That's what I Realized.

So, this person was able to Repent for his own thoughts. And even though he is lacking, he will Pray in the Name of HMH and by that, he will Bring Joy back to Heavenly Parent and True Father. And he Resolved to Become One with True Parents. He was Able to Engrave the Life of Attendance in his heart.

another: 'In this stifling Event where True Mother has been detained again, all the confusion and frustration in my heart, I was Enabled to Wash it away during this Revival Gathering. And I was Able to Engrave why we just have to Call God not just God but Heavenly Parent.'

(In a way, this has become one of the natural things for us to Accept. But there are still Members who are contemplating about God not being just God, but Heavenly Parent.)

'And also, I was able to Engrave the Unchanging Truth that Within True Mother, True Father Exists and within True Father, True Mother Exists. The Two of Them have become One.'

(And even this person was very Moved Looking at the Elder Member asking the Lecturer and how the Lecturer was Answering that question.)

2. The Providential Grace of Heartistic Inheritance, Centering on Cheon Shim Won.

Cheon Shim Won is not just a simple Prayer Place but Opens a Course of a Gateway to Inherit your Parents' Eight Great Realms of Heart. So, you can (Co-create) a Heart of Pure White and Pure Gold and Resonate Heartistically with Heavenly Parent.

(That's what Members Recognize.) So, through Revival, 4 Great Gifts were Given:

Gratitude

Repentance

Resolve

Resonance with Heaven

And this is what the Grand Church Pastor Expressed:

'Father's Thoughts and Mother's Thoughts Have Completed. And I was Able to Experience the Cheonshim through that.'

'Through the Workshop Conducted during the Devotion during Mother's trial, Prayers Deepened with Earnest Heart Hoping my small Devotion can become Strength to True Mother.'

'We Pondered the Miraculous Work of Untangling Spiritual Problems.'

another: 'Realizing that with the Prayer and Devotion Offering at Cheon Shim Won will definitely be Fulfilled. That Prayer Must Bear Fruit of Practice within Life and Action.'

Chonmo Church Pastor: 'Resolve to Inherit the 8 Great Realms of Heart through Cheon Shim Won, Converse daily with Heavenly Parent within, and be Reborn as true people of true family' That what this Pastor has said.

another: 'There was wavering because of all that was coming out in the media, but through the Revival, he Resolved that he Must not be wavered and must put True Mother is my Center, Who is Leading the Providence in this world. And I Must Become One in Heart with Her and Practice Cheon Shim Won Devotion and Move Forward without ceasing.' (This is the Resolution our brother has made).

'Especially, the Content about central resentment spirits, all the curiosity and all the doubts that I had have been Resolved. I was Enabled to Understand, and I Feel so much Grace to Attend Chanyang Earnestly.

3. Continuous Hoon Dok Hae Education and Family Devotion Following Liberation and Blessing.

So, not just finishing with Liberation and Blessing, but those spirits that are Liberated are like the baby spirits, and we Want to bring them to be a Living Spirit. So, if we don't Raise our own Spirit as well as those spirits who we Liberated, then there's nothing Providentially helpful that Happens.

So, after a lot of Members started doing result, after the 100 days, that is not all... Those ancestors that have been Liberated, we must enshrine them at our Home and Nurture them through Hundok. Especially for 3 years, Centering on the Hyojeongwon, we should be able to not only let Hundok Grow myself, but also those spiritual beings who are Liberated to be Educated.

So, this kind of Education is what I Gave and this kind of Testimony came out. So, even thought we Liberate the resentment spirits, if we don't Align ourselves (with Heavenly Parent / True Mother / True Parents), they can attack us again. So, I Must Continuously Resolve to do Hundok.

If you look at Matthew Chapter 12: That spirit went out, but that spirit did not have a place to go, so eventually that spirit brought 7 other resentment spirits, which made that person involved with them. So, I Explained that it's not just about separating. It's about doing Hundok and putting yourself into Action so that that resentment spirit nor a different one can come into your body.

So, you must keep Speaking about True Parents, Speaking about the Word, so that those dark spirits (cannot make a base and) will give up on you. So, I really Emphasize how Living the Word is Important in your Life. And during the Resonance Prayer Saying, 'I truly Hope that the resentment spirits can become true children like a salt and light.'

And I Thought that it would be best if they can also Participate in the Providence. As I Earnestly Pray, I

Find myself Shedding Tears without my even Knowing it.

And another person said that through the Course of this entire Workshop, her father divorced and left the family, but after 35 years, the sister met this father. But this father went to SW not being able to Resolve anything. So, during this Workshop, this kind of problems with her own father were Enabled to be Resolved. And she was Enabled to Clear Away all her negativity to her father.

However, she had a problem with her husband as well. But through this Workshop, she was Enabled to Feel Hope that she could become one with her husband. And she will do Hundok and Report to True Father every day, and Pray Under the Name of HMH, so that she can Attend HMH and become one with Her and become such a child.

With her Practice and Devotion, she Wants to Offer the Victorious Report back to True Mother and Fulfill Her Responsibility. She was Able to make such a Resolve.

4. Spiritual Repentance and Healing through Chanyang and Ansu.

I don't Move around with an Ansu Team. I am the one who actually Gives the Ansu everywhere I go. Just as our brother Sakua Shared the Testimony, now is the time when we can make our own Ansu Hands, but when we did Chanyang with the Pastor and the Pastor's wife, we Gave Chanyang to our Members and a lot of Grace Came out, not only physical bodies being Healed but also hearts Healed that had been filled with Sorrow and negative emotions.

I was able to see a lot of Reflections like that. So during the Chanyang, while Receiving Ansu, there were Members who Saw True Mother's Appearance. And with that Strong Love, there were Members who Shed Tears, and one was able to Revive to Feel something strong in his heart, like Original Heart, and he was Enabled to Feel both spiritual and physical Cleansing.

And another person said that for one year they had been suffering from a severe disease, but the Pastor told him to Offer Oeg Monsei, even thought he could not put his arm up. And this is the only video I have. (And the brother is speaking) 'I told the Pastor that I cannot do Oeg Monsei, I cannot lead Oeg Monsei. For a year I was telling my Pastor that my arms wouldn't go up because of the frozen shoulder condition, but through this Revival Gathering I Received the Gift of Healing this illness.

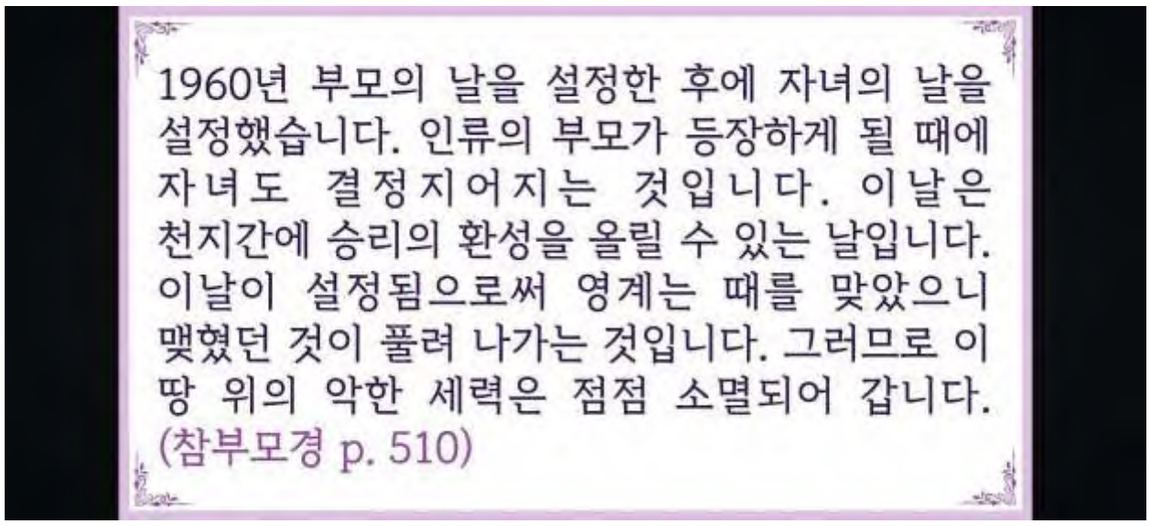
And using me as a Tool, I Want to Share the Grace of this Testimony when I have the Opportunity. I had a Resolve as well that I could be Healed through this Process. So, I Want to do Oeg Monsei with this Testimony. (and he raises both hands high) I am almost all Healed now. Just yesterday, I could only raise my hand partially. But I Believed that it would be Healed. I let Heavenly Parent take care and Heavenly Parent Came back to me.

So, the video shows that his frozen shoulder has been Healed, and he led Oeg Monsei loudly and strongly. So, such a thing Occurred. applause So, someone might say, 'Why did you play the video of Oeg Monsei?' But I've Toured around 100 times, and I never heard a Member give Testimony during Oeg Monsei. And probably the members of this Church already know this person. But it's not like he receive Special Ansu, but only through the Chanyang Yeoksa and the Workshop, he Believed and he pushed himself forward by the encouragement of the Pastor and leaders, and he had a history where he'd been healed and he Wanted to take the chance to Share the Testimony

5. Restoring the Second Generation Dormant Members and also about those Who Resolved to do One-on-One Witnessing Practice.

So, we should not just Offer Calling Out Prayer, but we should use different methods and Practice ourselves. These are the words that I usually Share when I go to the Church. But a lot of Members were Able to Resolve. Our Elder Sister Made a Resolve to Return 59 dormant members in their 30s and above, from darkness Returned to True Parents. She made such a Strong Resolve.

She/he Realized that the person Responsible for their Spiritual Life is myself as a (Representative of) the True Parent.



BREAK and BUSKING

Hoon Dok Hae

A true child must Fulfill Filial Piety and Receive True Parents's Recognition. We Must Understand how Precious the Name True Parents Is. As Those Capable of untangling the Matrix of the Sorrowful Heart of Heavenly Parent, the Fulfillment of Humanity's Longings, this H True Parents Cannot Be Traded Even for the Whole of history, nor for any Era, not for our own families or children. This is what we must always engrave in our own hearts After Establishing Parents' Day in 1960, Children's Day was Established.

When the Parents of Humankind Appear, the Children are also Determined..This Day is a Day when Shouts of Victory can be Heard to Resound throughout Heaven and Earth. Through the Establishment of this Day, because the SW Met its Opportune Time, that which was bound and knotted has come to be untangled and Resolved. Therefore, the evil forces upon this earth gradually fade away into extinction.

Children who Feel with Parents when Sad, Lonely, Joyful, Parents Looking upon Heaven and earth, when a Lifestyle Imbued with such Earnest Tears, Crying Attending our Parents with Determination for Ten Thousand Years, Parents and countless people will be Deeply Moved by it. Parents, we Earnestly Pray that You Allow us to become Your sons and daughters who Advance even more Vigorously Clearly Realizing that countless people are Moved by this and that the Holy Spirit is Dwelling right here.

By Holding the Holy Wedding in 1960, the Position of Parents was Vertically Established. For that Reason, You are Walking the Course of Restoration must Undergo that Very Pattern. Thus, through Parents, the Resurrection of the Word, the Resurrection of the Heart and the Substantial Resurrection Have Emerged.

Through the human fall, Parents were lost, Children were lost, and all Creation was lost. To Establish the Standard of Indemnity for this, Parents' Day, Children's Day and the Day of All Things had to be Established. And among these, the most Difficult Day to Establish was Children's Day. To Become True Children, one must Fulfill Utmost Filial Piety for Parents.

A Filial Child must Manage and Take Control of any Circumstance, Receive Recognition from that Environment and Receive Recognition from the Parents. God Told Adam and Eve to have Dominion over all Creation. Adam and Eve must Receive the Public Recognition that they can have Dominion over all Creation.

Furthermore, as the Center of Hope, they must Receive Acknowledgement as children who can show the Responsibility for the world. They must coincide with the Parents' Heart. When despairing between past, present and future, one cannot be Called a Filial Child, not a Loyal Subject. A Filial Child or Loyal Subject must never change, but must be able to Represent the past, the present and the future, and must

Receive Acknowledgment Centering on God's Heart from the Position that Transcends time and space. Aju.

PRESIDENT LEE GI SEONG'S MESSAGE

Hello everyone, I would like to welcome all who have come to this 1,694th Vigil as we Commemorate 67th Children's Day, the SW and PW children, there are many who have Revived, but we were not able to Fulfill and that is why True Mother has had to Walk the Course of such hardship and go back to the Course that is Unimaginable.

In 1988, with the Foundation of Children, True Parents were Able to Proclaim Cheon Il Guk, Opening the Spirit Realm, Proclaiming the Cosmos to be Opened. After FD, we have come to the 14th Year of Cheon Il Guk. Today, True Mother is Walking the Greatest Course of Suffering. When we think about this Truth, we should set our Minds Straight for Earnest Prayer and put ourself into Practice so that we can Absolutely Be Victorious. I Hope you take this time as such a time of Resolution.

Truly despite such difficulty, to all those who have come to this Vigil Devotion, from the bottom of my heart, TYVM. And the weather is getting colder every day, and getting difficult. And it's my 7th winer here, but my brothers and sisters, do not be wavered just by how difficult things may be. Let us keep pushing to Offer Prayer and Devotion and Move Forward toward the Path of Victory.

In order to Attend True Parents, on the Course that we walk, the things that are difficult and hard Allow Heaven to be Moved.

(We heard the Testimony of Kyugi Sakua. He came Wanting to Offer Devotion for True Mother as well as for his sick grandfather.) He said he made Ansu Hands. Yesterday in Gapyeong Church, he Attended the Service and I shook his hand. And his hands are like the hands of a farmer. So if you are next to him, try to shake his hand, and you will see the whole palm of his hand is rough. So, as did the earnest Devotions diligently, and he made Ansu hands.

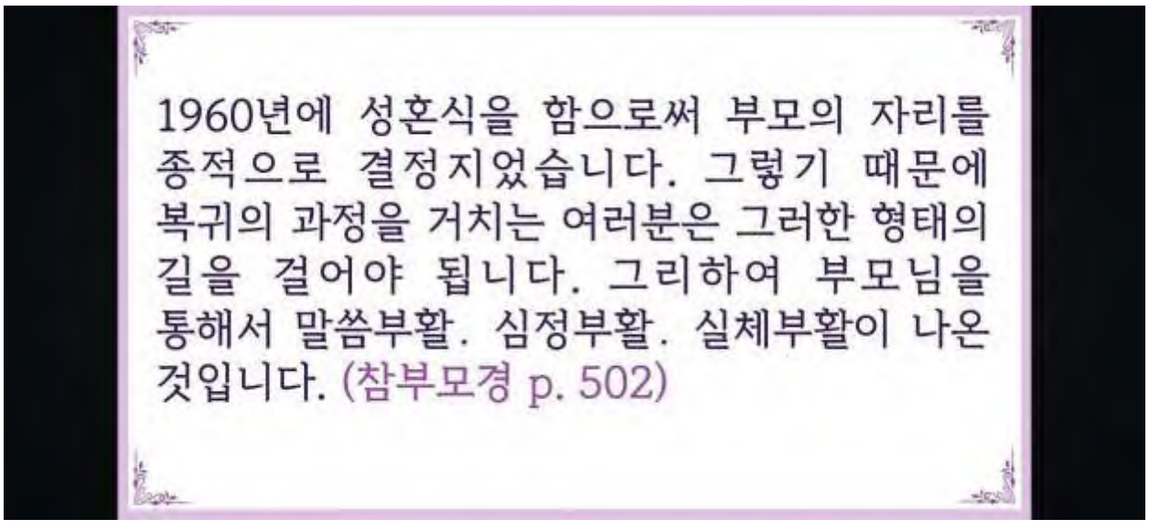
And he said he was able to Experience Heavenly Parent and True Parents and he had a time to Wail. That did not Happen just once. I don't know if you heard his specific Testimony, but he said that he can Feel Heavenly Parent's Heart anywhere, any time. Our brother said he has entered such a Position. You must Realize how Precious this is.

Among our Members, there are those who shed a lot of Tears during their early Church Life (of the Elder Members). If I Prayed, I would have Shed Tears. That's what Happened, but our brother Kyungi said that he Held Onto the Heart of Heavenly Parent and Cried. And even now, whenever he Thinks of Heavenly Parent's Heart, he can Enter that State. He has Reached such a State. We Must Know how amazing that Realization Is.

So, although he was late, he Resoved to join the UPA Academy, and he took the test but didn't receive any notification whether he was accepted, but I believe once he goes in, he has made a Resolve and will have to study really hard. He has Completed the 12th Moshim Workshop. And in order to Offer more

Devotion he Resolved to participate in the Yeongseong Academy. He Decided to do Activities there, and amidst Doing that, he Attending the Workshop and Received Abundant Grace.

On the Day of Mother's trial, during the Vigil, he translated Korean to English. In fact, he translated his own father's Report and Received Abundant Grace through that.



And as he Sang the Way Maker, it was the first time for him to hold the microphone, but as he led Song, he Emptied his heart Heaven amazingly Worked through him. That's what he Experienced. And that's what he Confessed. To be honest, this is a very difficult thing to Achieve.

You know, when True Mother Appointed me as the President of the TC, She Said, 'The more you empty your heart, the greater Heaven will Work. So, do not worry.' These are the Words True Mother Gave me. But, if you put yourself in front, Heaven will not Work. (Easy to start putting yourself in front) But the more you empty yourself, in that empty space Heaven will Work.

And our brother Kyunghi Experienced that Position. And I Believe it was very Important that he Experienced that Heart. And Yeongseong Academy, as they walk through their Course, most of them Experience this kind of thing. Through Chanyang Yeoksa, the Word of the Prayer, Work of Praise, Work of Messages and Main Words, through their Work Activities, they Experience Heaven Working. That's what they're Experiencing in Cheonseong Workshop Academy.

Those who are professional in music Experience HyoJN's Heart. And those who dance, they cannot hep but ot Receive Heaven's Revelation. Among the trainees, when we sang the Way Maker, you saw a trainee Dancing to that Song, right? And that didn't just Happen. Heaven was working through that person. So, those who are selling, you must Pray for Heaven to Work. Heaven will absolutely Teach you what to do.

So when such Work Occurs, the SW will come down through you, so that you Fulfill what they came for. So, through such a people in a Day when the Wing is Open to Fly, the Hopeful Day is Waiting for us. So, Heavenly Japanese trainees sang the Song about Opening our Wings. So, if Heaven Works through Cheon Shim Won, you'll be able to see the Hopeful Dawn coming before you know. Aju? (Aju).

Daniguchi Yumi of Yeongseong Academy training als Shared a Testimony. At a young age, I believe she had a great heart, great thoughts. At this young age, she thought about how can I Achieve a peaceful world. At a young age, many thing about how they can live well, not about making a peaceful world.

When she became a high school student and met True Mother, that became a Turning Point for her. And she Resolved to Attend the 40-Day Workshop 3 times at least. And she eventually, went to the 6th Yeongseong Workshop and was able to Meet True Mother again. And within her heart, there were Mother's Words that she kept, 'You're going to Witness, right?' Because her voice was low, True Mother Repeated the Question 3 times. And when she answered, she Heard the Words, 'Thank you.' from True Mother.

Upon Hearing those Words, she Resolved that she must Witness. And with this heart, she Resolved to join Heavenly Top Gun. She went to Brazil and did the Witnessing Activity, but she couldn't see the Fruit there. But at the Church where she was dispatched to Witness, there was only one Member and the Pastoral Couple. It was truly a difficult Place to do Witnessing Activity. That's how difficult the Witnessing is. But the more the Church is small like that, the more you Must Offer Tearful Devotion, the more Powerful Devotion with Tears.

When she came back, she found out that True Mother Is Walking the Path of Trial and H Japan FF had been dissolved. And amidst that situation, she said that her Faith collapsed. She lost the Confidence that she will be Victorious walking thihs path. And she thought that, if she does something, the situation may become worsened.

So, she Poured Out her Prayer and Devotion, but then went into despair that she couldn't do anything. So, even if she not in the Church, she Wanted to be distant from Mother. so, in the end, she Resolved to Attend 7th Moshim Workshop to Offer Prayer and Devotion for Mother to be Acquitted and Released.

The next day, she Received a Dream about going to Africa. So, she went to Africa in the Volunteer Corps. Through that she Received the great Realization that Witnessing is not done through human power, but through Heavenly Parent's Work. So, she emptied her heart from thinking it was up to her efforts and abilities (and about methods she learned). But instead she put her whole heart into Believing that Heavenly Parent would Work. And a guest has been Connected to her. That's what has been Reported today.

Our sister, Daniguchi Yumi, who reeported today, her heart is very precious. With the Words, 'Will you witness?' She Tried and Tried and never gave up while Offering Devotion. I Believe we must Think of that heart very Preciously. Aju? (Aju.) In fact, all of us should have that heart to Witness.

If you Move Forward with that Heart, I Believe Heaven will absolutely Show you the Fruits, Show you the Results.

Today is True Children's Say and the Heart that we must cultivate is Following. True Parents's have come on this day. True Parents Came to this land, and finally They can Give Birth to True Children. That's why They set this Day as True Children's Day. Through True Parents's Holy Body, True Children Are Born. And Through True Parents's Love all the humanity in this world can be Reborn (and Blessing Engrafted). Such a Door has Been Opened.

All the people in the SW can be Reborn again. Such a Door Has Been Opened. Aju? (Aju). So, True Children's Day is a Day when we can Offer the Praise of the Entire Cosmos. In the SW and the PW, the Victory of Shouts can be Offered. Whatever is Contained in the SW can be Released on that Day. All the sins... Embracing al lthe sins in the SW, all the tangled things can be untangled. Such an Historical Day, that Day is True Childrens' Day. Aju. (Aju).

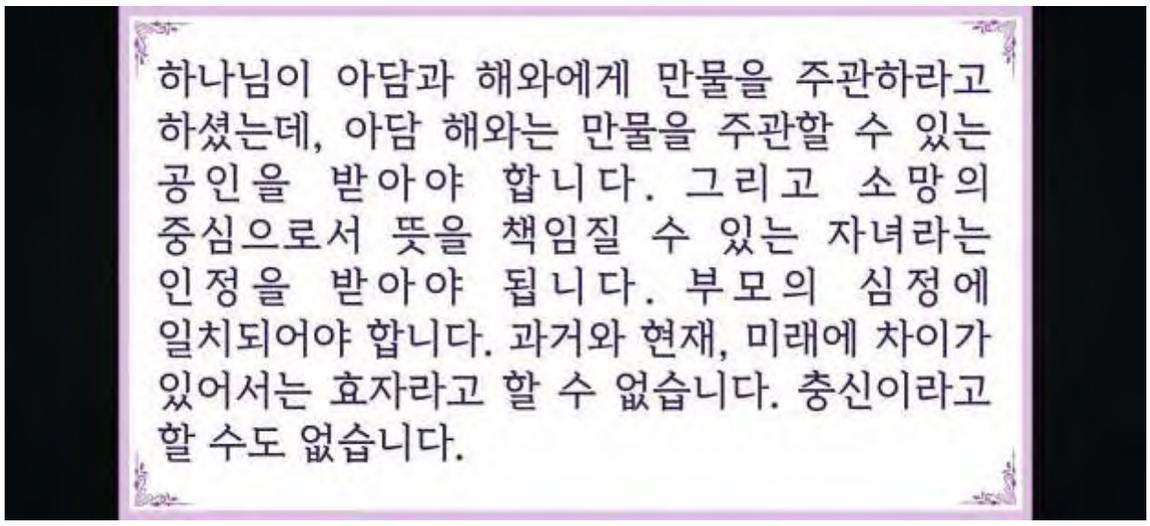
So, on this True Children's Day, we must Realize how difficult is has been to Establish this True Chidrens' Day. So, when we Study about the Path of Restoration, the Principle of Restoration, the Providence of Restoration, from the individual to the Cosmic Level, it is a Providence in Order to Attend True Parents. We're Setting the Indemnity to Pay, whether your know the Providence or not, whether you live in the secular world in your own way or not, Heavenly Parent Always Works in the Providence. And Heavenly Parent's Providence of Restoration is through indemnity.

And the specific Contents of the Providence of Restoration through Indemnity is to Set a Foundation of Faith and a Foundation of Substance so that the Messiah Can be Manifested and for Attending the True Parents. So, for those not Attending our Church, such Providence of Restoration and Revival can be Applied, and the Providence of Restoration Will be Applied and the Providence to Set the Founation to Fulfill the Responsibility Will be Laid.

So, to all of humanity, this Principle is Applied, not just our Church Members. And that Truth has been Taught to us through the Providence of Restoration. As a Result, Finally True Parents Were Manifested.

Aju. And Finally on this Land, True Sons and Daughters were Born. So, both the SW and the PW and the entire humanity through True Parents can be Born again. That's why we must Offer Shouts of Victory. We have Come to Meet that Day.

So, we Must Know True Parents, Receive True Parents and Receive the Blessing, and after that, how Must you Live? Becoming true children doesn't come just naturally on its own. In the day, in the night you Must Seek True Parents, even when you're alone, even when you're joyful, even when you Look at Heaven and Earth, you should be Looking at Parents.



You Must Attend Parents and Live Attending Parents for thousands and tens of thousands of years. You Must Live such a Course of Life. That's the Life we Must Live, Attending True Parents. When that Happens with us, many civilizations of the world will be Moved. Many people of the world will be Moved. We Must Know this Truth.

Such Noble and Big Circumstances are Embedded here, so we must Move Forward Vigorously. And that's why True Father Prayed for the (sons and?) Daughters to Become. So, going beyond the humanities in the PW, we Must Move the people of the SW, and that Content is to Live a Life of Attendance, Centering on True Parents, Attending True Parents.

And through this Life of Attendance, what should you do? It's Written in Today's Words. We Must Revive the Words. We Must Revive the Words within our body. We Must Revive the Heart within ourselves. And we Must Revive the heart that we once lost, Heavenly Parent's Heart, and Resurrect the Substance.

So, with a Substantial Mind and Body, you will be Ascending to the SW. So, the SW is not the Place where only your Heart Enters. It's a Place where Body and Mind, both of them will Enter. Christian's put their body in hell and think of Heaven as the Place where they only put their mind. But that's not the case. You must bring your physical body to Heaven as well.

So, that's why Substantial Resurrection, Substantial Revival Must Take Place. For that Purpose, we are Fulfilling the Path of Filial Piety, the Path of Filial Sons and Daughters. In order to Become True Children, we Must Fulfill our Filial Piety back to Heavenly Parent and True Parents. That's the Words that we have Read Today.

Filial Sons and Daughters Should be Able to Organize whatever the Circumstances One Faces and Be Recognized by True Parents. No matter how many times one shouts, 'I am a Filial Son or Daughter,' No matter how many times you Try to Attempt it, if you are not Recognized as a Filial Son or Filial Daughter by Heavenly Parent, then that's not the case.

So, you Must Align Perfectly with Heavenly Parent and True Parents's Heart. You Must Represent the past, present and future Centering on Heavenly Parent's Heart. You Must Stand in a Position that Transcends Time and Space and Receive Recognition. These are the Words that we have Received Today, and you Must Realize how Precious these Words Are.

In the past, you must become filial sons and daughters that represent the past, present and future, and that cannot be done naturally on its own. So, in this very difficult time, as we Offer Devotion, and once we go through that Path, we can be Recognized as Filial Sons and Filial Daughter by True Parents.

So, no matter how difficult the Path may be, in order to Walk the Path of Recognition as Filial Sons and Daughters, the greater the difficulty you face, the more you should Offer Praise, the more you should Put

your Effort. And if you Cultivate that Effort and Move Forward, Heaven Will Reside in you, through you even more, and all the Patriots and Loyalists will Work through you even more, and you'll be Able to Comfort True Mother Who is Shedding Tears. And you'll be Able to Bring Miraculous Works of Heaven to Unfold.

With a stronger heart, much stronger than yesterday, I Hope you will Offer Prayer at this time. applause...
