Dear Family,

Yesterday there were multiple Korean news reports that during a court hearing yesterday, the judges raised the issue that True Mother's bail conditions may have been broken by her leaving the hospital during the daytime. The defense team reportedly argued that this was not explicitly prohibited.

But today, court has ruled that bail conditions were violated and have accordingly revoked True Mother's bail. We are not sure what this means in terms of whether she can remain in hospital or will have to return to detention. When I hear more, I will let you know.

Here is an article from the Chosun Ilbo that covers the facts as I know them now.

Let us continue to pray.

Sincerely

Here is a quick update to my earlier message.

It has been confirmed that, as an automatic consequence of the revocation of her bail, True Mother is scheduled to return to detention by 2100 KST today (1300 CET).

When I hear more, I will let you know.

Let us continue to pray.

Sincerely
