August 2026

Learning and sharing together as we rediscover the values of Pure Water

A YOYO CARP Seminar brought together second-generation youth and CARP members over three days at the Harmony and Peace Farm in the Dominican Republic.

Through lectures, group discussions and practical activities, participants studied True Parents' course, the importance of a pure lineage and the mission of the second generation.

The young participants were encouraged to take an active role in the providence and to put the Word into practice.
