Special EventsPROJECT  
WATERGATE

On November 30, full page ads with our **Leader's** Watergate statement appeared in the major newspapers of twelve cities across the nation. During the next week the nine remaining Day of Hope cities will receive the full page ads, which call for Forgiveness, Love and Unity on the part of the American people, and invite them to join in a forty day condition of prayer and fasting. To date, the reaction to the statement has been heartening, with over 600 pieces of mail received at Headquarters the first working day after the ad appeared. Numerous calls over the weekend offered support. One man wanted his prayer group to participate in the forty day condition. Gary Jarmin had a long interview on the radio via the telephone. Many people called wanting to speak with and to congratulate Reverend Moon. The first response promises many more exciting developments to come from this new direction. Please keep us posted on the reactions in your locale.

Washington Front LineBELVEDERE  
TRAINEES  
TO WASHINGTON

The Belvedere Trainees are on the move again, this time to the nation's capital to work on Project Watergate. They will be personally contacting Washington VIPs and the general public, as well as holding rallies to publicize and win support for the prayer and fast condition.

SEARCH FOR  
A NEW CENTER

Because our ranks have swollen with 8 new live-in members in the last month, Washington family has begun the search for a new Washington center. We are hoping to find a large building in the heart of downtown in order to keep the front line at our doorstep.

GRANARIUM  
GIFTS

To meet the constantly increasing financial needs of our center, we have made a concentrated effort with homemade granariums. The results are inspiring. We make them for about \$1.25 and sell them for from \$5.00 to \$8.00, depending on the size. New members especially are encouraged by their high sales figures, even on their first day of selling. Office buildings are very fruitful selling ground, with many people anxious to put in orders for Christmas gifts.

TEA HOUSE  
ENTERTAINMENT

Ginseng tea sales are also improving. The latest Tea House development is live entertainment by talented Lou Fournier every Friday night. The Tea House has been drawing large crowds and we are now teaching young people who have met us there.

"FREE SPIRITUAL  
FOOD PROGRAM"

Much teaching is also taking place in the black community at Howard University through the Free Spiritual Food Program. We are also working with local ministers to establish a free physical food program to serve the community and substantiate our work as a church with the black community.
