Former Family Fed President, Dr Mose Durst, celebrated his 80th birthday in Berkeley on Saturday, August 31st.

Family and friends including his children and grandchildren helped make for a special gathering with wonderful stories and memories of great days of the past.

Friendships forged throughout the years have survived the many changes, challenges and victories of a life lived in service to God's ideals.

Songs, skits, dancing, trivia and good food meant that everyone, from near and far went home feeling renewed, refreshed and inspired.
