CARP **DECEMBER** NEWSLETTER

Thank you, 2022 ❄️

What a year! Whenever the new year approaches, one may think, “where did all the time go?” Oftentimes, when we look back at the past year, we recognize that there is actually so much that happened than we initially thought. We want to take a moment to conclude the year by sharing a few of our top victories as National CARP in 2022:

1. New Chapters — in 2022, we were able to have four new chapters registered, 11 new developing chapters, and CARP present in four more states!
2. [Momentum 2022](#) — this summer leadership retreat brought together all the local CARP student leaders to be rejuvenated in their purpose for CARP and get ready for the new school year. It brought together a record number of over 90 students across America!
3. Local Director’s retreat — as the main leaders directing the local chapters and hubs, a handful of local CARP directors came together to discuss [National CARP’s vision and mission](#), and goals for the future.

All of these were huge accomplishments that we achieved together with all of you. We also know that there may have been moments of shortcoming, maybe regret, but most importantly, growth. We want to learn from them so that we can do more and *be* more for CARP. We want to thank everyone for all of your incredible support for continuing to make CARP what it is today.

As 2022 was the year of the tiger, we truly believe we embodied the strength and courage of one.

2023 — we welcome you!
