Invitation to the European Matching and Blessing Preparation Workshop for Older Second Generation (age 25+) and Parents

Dear Family members, we hope you are well. We are writing to invite you to a special workshop that is going to be held for Second Generation and Jacob Children who are at least 25 years old and their parents. We are calling this a **'Matching and Blessing Preparation Workshop'** and it will be tailored to the needs of young adults in this age group who would like to be matched and blessed.

Those in this age group have had a variety of experiences with regard to the Blessing. Some have never been matched, or are only now seriously thinking about it, whereas others have had the unfortunate experience of broken matching or blessing. We held a successful Parents Matching Convocation last November that was open to this age group and there it became very apparent that we should be doing more to make it possible for those who wish to be blessed to find a partner and to find their way to a successful marriage.

Blessing candidates are asked to participate in a Blessing Preparation Workshop as one of the requirements to attend the Blessing, this workshop fulfills the requirement and it will also qualify as a 'top-up' if you have attended such a workshop in the past. During the workshop there will be talks for parents and young people together about the meaning of the Blessing and advice about the matching and Blessing process. There will then be separate programmes for parents and young people, which will be a mixture of talks and activities to enable people to get to know each other in a supportive environment. There will also be opportunities to receive support in using the website and developing your blessing profile, and time to discuss personal situations with members of staff on a one-to-one basis. We followed this basic programme at the last PMC in Camberg where there were 33 young people over the age of 25, most of whom came with their parents. It seemed to go very well.
