

Colorado Family Church Update on Our Sunday Lunches

Michael Hentrich
January 2, 2019

Dear community,

We had a really productive discussion this past Sunday about our church lunches. With our growing community and current demographics, it has become clear that the way we've been doing our lunches until now, with one family cooking for the whole church every week, is not sustainable anymore. This is a great opportunity to try out some new innovations and ideas.

After a lot of thought and discussion, we are going to make some changes in order to continue having a quality fellowship experience after service that is still manageable for our members.

Instead of having potlucks once every two months, we will have a potluck once a month, on the first Sunday of each month (starting in February). Once a month, a family (or multiple families) can volunteer to cook and clean up a meal for the community, just like we've done up to now. On the off weeks, the church will purchase refreshments. Looking at the different factors of cost, cleanliness, health, and being filling, we are looking at something like a simple salad, bagels with cream cheese, and possibly some fruit.

With this new set up, we only need 16 volunteers for the year to cook the family lunches, some of which are already filled up. If you would like to continue to make that offering for the community, please sign up [here](#). If you signed up before today, those have been cleared since we needed to change the way the signups are being done.

We will still need help with different responsibilities. We need some people who are willing to help consistently with putting out the refreshments and cleaning up afterwards. We are hoping to get [5 volunteers](#) for this that can take turns throughout the month. To be clear, this involves putting out the salad, bagels, cream cheese, dressing, etc. putting away the food, washing a few serving dishes, wiping tables, and sweeping. Because the refreshments are not messy and require little prep work, this should be fairly easy and quick. We will also still need help cleaning up after potlucks. You can sign up for that [here](#).

Lastly, if you can help with shopping, that would also be a big help. We plan to get the bagels from Costco and the rest of the food from the Restaurant Supply Store five minutes from the church. Because of the fresh salad, we will have to shop every week, but if we can get a couple volunteers, you could potentially take turns.

Please consider in which way(s) you would like to help and sign up below. Thank you.
