

A powerful dream about God who appeared looking like my Uncle Taib

Here is the dream about God...I dreamt I was in a large spacious building, when suddenly I was confronted with a hologram of a human face chasing me and saying "COME BACK, COME BACK". I was running for my life. I looked again to see whose face it was, and it dawned on me that the face was the face of my Uncle Taib!

He was calling on me, saying " MY SON, MY SON." with such an expression of love. I tried to run away, but too late. I was caught in his arms! The scene changed, and I found myself in the arms of an old man whom I felt was God. For some reason he seemed to have lost me a long, long time ago, and he was so happy that he found me.

He held me in his arms still saying "MY SON, MY SON," with an awesome feeling of joy and relief, crying and pulling me to his chest. I was on the other side, squeaking like a little boy, ' IT'S OKAY. IT'S OKAY. I AM HERE .I AM HERE, as if I was telling this man not to worry. I wouldn't go away. The dream continued until I felt I was sinking deep inside this old man and finally disappeared inside him, with him saying, "EHH MY SON, EHH MY SON.'

And I was saying, "I AM HERE, I AM HERE. IT'S OKAY. I AM HERE." The old man seemed to be so old, perhaps from the beginning of time. He seemed to be blind (from tears?) and had been waiting for so very long! The End.

It is interesting how God and spirit world used my Uncle Taib to communicate with me their urgent needs, or confirm to me certain acknowledgements. God used my uncle to tell me his concerns. This, in fact, confirms to me the Unification Church theory of Resurrection, particularly on the returning resurrection of spirit persons during the Last Days and Second Coming of Christ, as noted in the Bible, Matthew 27:52.
