

Brain Washed Moonie

I went out for a prayer walk this morning and find myself preaching to the woods, birds and insects this message. It went like this...

My heart, mind and soul belong to God only! Not to a particular religion, denomination, nor to even to my parents that I loved so much. My mind, heart and soul are crystal clear. I believe with all my heart, mind and soul, that the Reverend Sun Myung Moon is the Lord of the Second Coming, Jews, Christians and Muslims are waiting for! It was not my own work or someone else work that delivered me to Rev. Moon. It was God Himself and the Holy Spirit that delivered me to Rev. Moon. God chosen me from childhood and did many miracles throughout my life and sowed seeds in my mine.

Although I lived a sinful life, thinking full of myself, living like a gigolo, hopping from country, God wasn't bothered about that, because He knows me well and had plans for me. And when the right time came to connect me to the Messiah- Rev. Moon, he acted swiftly and had me have two powerful dreams, one of which promised me of a

gift so precious, more precious than life itself and ordered me to pack and to "go out and look for that promise".

How many in this day of an age, would do crazy thing like this because he/she was told to do so in a dream? I did it! Maybe I was brainwashed by God before I met Rev. Moon. I did what the dream instructed me to do. Right away, I packed my belongings, bought a 30 Greyhound bus pass and traveled randomly from state to state looking for the promised gift. Three days before my 30-day pass ended, I landed in Chattanooga TN, where I met the Unification Church missionaries, reading the tragic news about President Anwar Sadat of Egypt assassination, October 6, 1991!!!!

People called Rev. Moon's followers Moonies because of their love and faith in God and Rev. Moon. And because Rev. Moon taught a new thought provoking truth from God, so powerful a truth, that shook the world and caused established religions to joined together with atheists-communist and humanists to rise against such a great man of God!.
