

## Religion is a repair shop! What is salvation? Salvation means restoration

The lesson of history is that no one learned the lesson of history! This is why it is repeated again.!

What is salvation? Salvation means restoration. If Adam and Eve had not fallen, there would have been no need for a Savior/Messiah. Neither religion nor prayer would have become necessary. We did not know until now that the reason we need a Savior, the reason we need religion, and the reason we need salvation is a result of the Fall.

Salvation presupposes the Fall having taken place. When one is ill, one needs a hospital to cure the illness, and when something is broken, one needs a shop to repair it. What is religion? It is similar to a repair shop or a hospital. This all refers to salvation. You need salvation because you are ill. Today's Christianity has not set the standard based on this principle; it advocates believing in Jesus unconditionally without an understanding of the true meaning of salvation. This will not be enough.

Jews, Christians and Muslims have vague ideas on Last Days and Second Coming of Christ. They only think of the Last Days and Second Coming of Christ in supernatural ways. This mistaken concept is exactly what caused the chosen people from disbelieving in Jesus because they expected him to come in supernatural way, they gazed at the sky to see the second coming of Elijah (Malachi 4:4-5) coming from the sky riding a chariot of fire.

Today is the same thing. Christians and Muslims are, like their Jewish brethren, looking up the sky to see Christ coming on the cloud. This is the greatest mistake in religion, particularly in the three Abrahamic religions, Judaism, Christianity and Islam. This is what I learned from Father Moon, the greatest man of God ever walked on earth after Jesus!
