Attention FFWPU Families, Worldwide!

I had a dream! Father is Asking us to love True Mother as we loved him. Here is the dream...

A few years after Father's ascension and Mother started to proclaim herself the Only Begotten Daughter of God, I had no problem with this logically. True Parents are made of Mother and Father, not Just Father. But although I accepted True Mother as the only begotten daughter of God, in my heart, I didn't feel enough love towards Mother as much as I felt towards Father. So, for years I was praying and asking God to help me love Mother as much as I loved Father. For years I was asking God to show me why I am not able to love Mother as much as I loved Father. I felt Mother's speeches and her anthology books that were published were not enough. I wanted to know Mother's heart, I wanted to know her real personal story, and how God worked in her personal life. And it was like an answer to my prayers, Mother of Peace Book came about. And during the time I was reading Mother's Book and my heart began to open and I began to feel love for Mother, I had the following dream that ignited the fire of love in my heart for True Mother.

The dream

In the dream scenario, I was standing in a café near three men who were sitting on stools at the counter. Suddenly a cell phone was dropped on the floor and Father was speaking on it. Then Father said, "Is Ali here?" I lowered myself to the cell phone and answered, "Yes Father I am here." Seconds later, Father asked again, "Is Ali here?" I lowered myself again to the cell phone and said, Yes Father, I am here." After I answered the second time, The cellphone skidded fast on the floor about 10 feet away, and heard Father ask again, Is Ali still here?" I run to the cellphone and stood over it and said, yes Father I am still here." Then a second later Father said, "Ali! Give me a hug." And with all my whole being, I dived to the floor and before I knew it, found myself wrestling with Father, hugging and kissing him and never wanting to stop. Then as we were on the floor hugging and kissing, suddenly Father transformed into Mother and I was wrestling with True Mother and hugging and kissing Mother on her forehead, then I woke up. The End.

To my understanding of this dream, Father was asking me/us, members of FFWPU to love True Mother as I/we loved him. It can't be clearer than this. Wow! What a dream! Praise God!
