Remarks from Park Young-bae, Co-president of Heavenly Korea

The Korea-Japan Undersea Tunnel and Peace Road have become the vision of all humanity. To realize True Mother's words given at Busan Church on May 23, 2021, "Park Young-bae! You must educate the top leaders of Korea and Japan, becoming one with Park Jong-pil of Japan Subregion 5. You must know that is the only way for this nation to become one as a Heavenly Unified Korea," we have repeatedly held Korea-Japan leader meetings every week on Friday from 9 pm and strived to educate the nations' top leaders.

I am experiencing daily that that vision becomes a reality if we act with absolute faith in the words of True Mother, the Only Begotten Daughter, and Substantial Holy Spirit. The Family Federation, UPF, YSP, Women's Federation, and Elders group will become one centered on True Mother and, without fail, realize the dream of the True Parents of Heaven, Earth, and Humankind.

The Substantial Holy Spirit has arrived at Busan Port. Heavenly Parent has heard our prayers. Thank you, living Heavenly Parent. We will educate inactive first and second-generation and inactive Peace Ambassadors and Pyeonghwa Aewon first, conveying the true love of True Parents so that the good residents can follow us and attend True Parents.

We thank you for visiting Busan and for your grace in giving us providential words and true motherly love.

We earnestly pray for True Mother's health and long life.

Heavenly Nation of Gyeongsang 40-day Special Activities

During this period of special activities for the 10th Anniversary of the Holy Ascension of Sun Myung Moon, the True Parent of Heaven, Earth, and Humankind, the providential organizations (Family Federation, UPF, YSP, Women's Federation, Elders group, etc.) of the Heavenly Nation of Gyeongsang will become one and offer jeongseong for the restoration of dormant second generations and inactive families.

All organizations have made detailed action plans, setting the goals to collaborate in organic relationships.

We are conducting surveys to understand the members' needs and making plans to meet those needs (offering jeongseong, holding Hyojeong meetings to create action plans, understanding the current status of inactive members, and making a list). We are making specific visits and consultations, and routine care is being carried out, including strategy implementation and feedback through prompt reporting of results (sharing exemplary cases). The activities by period are as follows, and for best results, we will improve the content according to the situation.

Formation Period (7/4~17): Hold Hyojeong gatherings (leaders, members), jeongseong and reporting, visiting by the pastor and home group leader (listen, support, encourage), rapport formation, understanding needs

Growth Period (7/18~31): Rapport formation through home church and activities to meet needs (home group family camp, holy ground pilgrimage)

Completion Period (8/1~11): Divine Principle workshops and worship services (open worship and family church worship services), participation in the Holy Ascension celebration, -> settle in the church, and becoming a member

Continuous follow-up care: Regular visitation centered on the home group leaders.
