

Disciple for Christ - Wolfgang Schawaller's Biography

Wolfgang Schawaller
September 2013

I use the words Disciple for Christ, because I have accepted the Unification Principle, the religious teachings of the Unification movement and Rev. and Mrs. Moon who are the founders in October of 1974 in Germany. They are the True Parents of Heaven and Earth and I call them my True Parents.

True Parents sent missionaries out to 120 countries from churches in Japan, America and Germany.

The external result of our effort may have been unsatisfactory but we 3 missionaries created remarkable development of heart. We came to understand God's providence, and experienced a heart toward the living and suffering God. We tried very hard for the unity among the missionaries from the 3 former enemy nations.

We practiced what Jesus Christ taught us: To love your enemy.

It was not always easy to love my counterparts from America and Japan. But with the attitude of true love and forgiveness we could overcome all man made barriers and limits.

I proudly served as a 21 years foreign missionary in many countries.

- Hong-Kong
- Japan
- Thailand
- India
- Nepal
- Sri Lanka
- Afghanistan
- North Yemen
- Cyprus
- Greece
- South Africa
- Russia
- Philippines
- Austria

My hope is to testify about True Parents because they changed my fallen blood lineage into God's true lineage. They gave me new life for which I will be forever thankful.

The purpose of my personal website is to testify about the Lord of Second Advent, in other words, the returned Christ, which took place in 1920 in Korea.

Sun Myung Moon passed away last year in September 2012 at age 92

The apostle letters in the New Testament are testifying about our savior Jesus Christ.

I'm a proud follower of the Rev. Sun Myung Moon, the Lord of Second Advent who God has sent to us mankind.

With my writing of testimonies and attending many meeting with the True Parents, I hope with many other members of the Unification Family world wide, to write a new book of Apostle letters in the completed Testament age.

I want to write down my 21 years foreign mission on this website and tell of my deep encounters with the living God and True Parents to many.

Also about the suffering we all foreign missionaries in 120 countries went through.

Today I ask myself: what did I learn in all these years working in many foreign countries and helping Rev. Moon's cause to bring this fallen un-godly world back to God: I was 24 years old and only 6 months in the Unification Church, when I left my native country, Germany.

I left my home country and went to a strange land Hong-Kong, like Abraham in the old Testament left his home country of Ur.

If I haven't met Rev. Moon and the Unification Movement, I probably would have joined the Peace Corp founded by JFK.

From my 21 years mission experience I want to say what I learned most:

It is to respect and love other fellow-human-beings, because everyone is a child of God. Where I worked and lived, people always looked different from me, they had different colours; they spoke and behaved totally differently from where I came from, Germany. I became colour blind and open to other cultures, religions and traditions. All the cultures and different traditions have so many common elements anyway, and have so much to offer, to make on day this planet earth a place where there is no more war, poverty and crimes. And this I truly believe. But bottom line is: „Respect and love for others, which in divine translation is, to live for the sake of others".

Thanks God for the Internet age.

The last 200 years mankind was transformed in 4 stages through different revolutions.

The first was the Revolution of steam, the second of electricity, and the third was the atomic Revolution. Those 3 types of Revolution transformed mankind enormously. Changes that had never occurred in any other period of human history.

Today mankind will be transformed with the 4th Revolution, which is called is the Internet Revolution and this will be a deciding factor to bring this world back to God, to create the Kingdom of Heaven on Earth.

With the Internet and putting up my own personal website, I want to testify about the Lord of Second Coming to my own family in Germany, all my relatives there, my in laws in Austria, all my friends and those "people" who are still trying to persecute our Unification Movement and the True Parents of Heaven and Earth.
