On January 24, 2024, IHwa, a leading health-focused food and beverage company, celebrated the inauguration of its new office building, the 'HJ IHwa Tower', in Kodok Biz Valley, Gangdong-gu, Seoul. The ceremony saw the attendance of over 100 distinguished guests, including Dr. Hak Ja Han Moon, Co-founder of the Family Federation for World Peace and Unification; Moon Yeon-ah, Chairman of the Sunhak Educational Foundation; Julia Moon, Chairman of the Hyojeong International Cultural Foundation; Jeong Won-ju, Chief of Staff, Dr. Hak Ja Han Moon's 2nd Secretariat; Song Yong-cheon, President of FFWPU- International; and Jung Hee-taek, President of Segye Ilbo.

Dr. Hak Ja Han Moon graced the dedication ceremony of IHwa's new building in Kodok Biz Valley, imparting blessings for IHwa's continued growth and contribution to the welfare of people and humanity.

True Mother's Prayer

Beloved Creator, Heavenly Parent, we offer our profound gratitude for this day You have granted us.

IHwa, in its pursuit to promote national and global health, has achieved significant milestones and dedicated these successes to higher purposes.

Today, as we inaugurate this headquarters, we celebrate a pivotal moment in the completion of providence, envisioning a future where leaders across generations unite to propel IHwa to greater heights.

In dedicating the IHwa headquarters today, we acknowledge the realization of IHwa's foundational mission, impacting not just our nation but the global community.

Under the guidance of Director Kim Yun Jin and the collective effort of all employees, IHwa aspires to fully embody its core values and mission, fostering love for heaven, people, and the

country, and contributing to the health and well-being of our nation and the world.

This building stands as a testament to the Heavenly Parent. May this day be a symbol of IIHwa's dedication to building a healthier nation and world, aspiring for the day when all humanity will unite in honoring and serving the Heavenly Parent.

This heartfelt prayer is offered in the name of the True Parents. Aju!

Kim Yun Jin, CEO of IIHwa, in his address, remarked, "Today signifies the fruition of IIHwa's 50-year journey, which commenced in Seongdong-gu, Seoul, back in 1971. Our vision is to forge a path as a global enterprise destined to thrive for the next century, beginning here in Kodok Biz Valley, a burgeoning economic hub of the metropolitan area."

Rooted in the mission of enhancing human health and happiness, IIHwa exports a diverse range of products including food and beverages, health functional foods, and pharmaceuticals to over 40 countries worldwide.

Building on the recent success of exporting the barley carbonated drink, McCol, to the Republic of South Africa, IIHwa is expanding its reach to the African market and broadening its international presence to include the United States, Europe, Southeast Asia, and beyond.

The 'HJ IIHwa Tower' spans a total area of approximately 12,700m² (about 3,840 pyeong), featuring 5 underground levels and 11 above-ground floors.
