

Manhattan Family Church: Summer Pastoral Internship in Colorado with Adonia and Mike Hentrich

Millhan Stephens
March 29, 2022

Registration is open for our summer Pastoral Internship!

We (Pastors Adonia and Mike Hentrich) of the Colorado Family Church are planning our first ever 3-week summer internship. We have long felt that there are too few opportunities in our movement that help prepare up-and-coming pastors for the challenges that await them. After 7 years of pastoral experience, we are excited to attempt to address this issue and share what we've learned. This internship is geared towards young Unificationists who are considering going into pastoring, although it could also be valuable for current pastors. Some of the things we are preparing for this internship are as follows:

- Live-in experience of daily pastoral life
- Guidance on and the experience of crafting and giving a live sermon
- HDH and reading material specifically for pastors
- Personal and in-depth sharing from us about real challenges and how to resolve them
- Crafting a local vision and identity
- At least a couple outings, such as hot springs or some hiking

We have 3 spots available for this first internship. If you would like to apply as a couple, we would welcome that as well. You will be staying with us, getting lots of personal mentoring and getting to know us and our family.

Please be aware that this is not an official FFWPU internship. It is just a personal, grassroots effort to address a need in our movement.

Practical Details

Dates: July 10-31st. Please plan to arrive on Saturday, July 9 and leave Monday, August 1st.

Cost: \$100 per person to help with our food cost + We will ask you to purchase one book and provide for your own travel to and from Colorado.
