INFORMATIONAL SESSION

Ever feel like you don't know much about GPA? Do you have questions that are still awaiting answers?

Come join us for an online informational session about next year 2022-2023!

JUNE 25 @8PM EST

Register here to join:

Dear all,

This Saturday, June 25, at 8PM, GPA will be hosting an information session.

We have heard of the many different life changing testimonies from the GPA members who recently graduated, and would like to encourage the youth and young adults in your communities to join the program. This is an opportunity to ask the staff any questions about the program in a more intimate setting, and listen to a few testimonies from the recent GPA graduates.

The session is open to everyone, so feel free to invite families, friends, and kids who might be of the age to attend the program.
