

## Sunday Service-tour NL Peter Zöhrer and his daughter Daniela

*Daniela giving her testimony*

2<sup>nd</sup> gen sister Daniela Zöhrer, who had been distant from our movement for some years could successfully join again through the efforts of her family as well as 2<sup>nd</sup> gen sisters, but mostly because of the healing power of Ceongpyeong, where she attended a 3x 40 day training course.

Their tour started on **November 18<sup>th</sup> in Graz**, where they rented a place in a hotel for Sunday Service. All together 40 members came, half of them being from the 2<sup>nd</sup> generation.

Manfred Mayr, Church Leader form Graz/Steiermark, reports:

“After Peter Zöhrer’s sermon on the basis of True Mother’s words, Daniela gave her testimony: how she lived in the fallen world and how she managed to come back.

In the afternoon we visited the new “CARP” center, and NL Peter Zöhrer blessed it. There was time for sharing and questions, which went on until late. The young people were grateful for the time they could spend with the National Leader.”

The next sermon was held on Nov. 25<sup>th</sup> in Linz:

**Report from the Sunday service in Linz with our national leader Peter Zöhrer and his daughter Daniela. 25.11.2012** by Hans Brunnbauer.

35 Adults and 20 second Generation attended the Sunday service.

Peter Zöhrer gave an inspiring Sermon based on True Mothers Speech from 17.9.2012 (Let us inherit the realm of true parents)

His daughter Daniela gave her moving testimony how she could find her faith in God and True Parents again and how she and her parents could unite.

Also she shared in a very deep way her experiences in Jeong Pyong during 3 times 40 days.

She encouraged parents and also 2<sup>nd</sup> Gen. not to give up on each other and to keep hope that everything will turn out right.

Daniela came one day earlier to Linz and met 2<sup>nd</sup> Generation Young people who don't come anymore to our church or could not keep the faith.

Brothers and sisters and we as church leaders in upper Austria enjoyed the deep guidance from our National Leader and National Messiah. After Sunday service Peter could talk and share with many brothers and sisters. Later Peter could meet and share with one Senior blessed couple during lunch.

The cooperation of first and second generation, between Peter and his daughter Daniela, was very good to see .

**The following sermon was held in Vienna on 2<sup>nd</sup> of December:**

Peter Zöhrer's sermon and Daniela's testimony were well received by both, first and second generation members. More than 130 members attended.

"The most moving story for me was when Daniela told us how she met her mother and father in Cheongpyeong at True Father's Seonghwa Ceremony: she really longed for them after having been there for three months. When all the members came to Cheongpyeong for the Seonghwa, one afternoon she saw a blond-haired lady among all the Asian, black-haired members at the Tree of Love, and it was her mother! She was so happy. Then she wondered how she was going to find her father among the thousands of people. She went into the Prayer Hall, and there she saw her father, as he was just putting a donation into the box at the front of the Hall. She shouted out loudly: "Daddy!", rushed over to him and they embraced. I can imagine how unusual this must have been in the Hall with all the members praying".
