The Importance of Lineage

Do you know what has pained God's heart most, causing Him the greatest grief over the long history since the fall of Adam and Eve? God lost His lineage. And with the loss of His lineage, He lost His right of ownership.

Let me talk about lineage for a moment. Lineage is more important than life and more important than love. Life and love come together to create lineage. Lineage cannot be established if either life or love is missing. Therefore, among the three qualities that define the parent-child relationship, love, life and lineage, lineage is the fruit.

God's lineage contains the seed of true love. God's lineage provides the context and environment for a true life. Hence, for us to become the ideal people envisioned by God, that is, people of ideal character, and to create ideal families, we first need to be linked to His lineage. To take it a step further, only when we are linked to God's lineage is it possible to create God's homeland, the ideal nation. Only when we are linked to God's lineage is it possible to establish the kingdom of the peaceful, ideal world. Please inscribe the importance of lineage in your hearts. I cannot emphasize this enough.

Without lineage, neither life nor love can endure. You strive to set a good tradition, but it will endure only through your lineage. Lineage is the bridge allowing the parents' spirit to carry on through subsequent generations. In other words, lineage is the first and final condition necessary for parents to harvest the fruits of their love, the fruits of their life and the fruits of their joy. We need to know this with certainty.
