

1 Day Divine Principle Seminar in Vienna Headquarters

Vienna, Austria, 1. February 2014

A one day DP workshop was organized in Vienna Headquarters by the Family Federation and the Womens' Federation for World Peace. 7 guests and 22 members were attending. All the lectures were given by Mr. Heinz Krcek, a brother with a solid theological background: he had been a Jesuit priest and youth educator before he joined the Unification Church and was blessed. He is known for teaching deep theological content and keeping the attention of the audience with humor.

He went through the 1st, 2nd and 3rd chapter, and finally in the afternoon, explained the parallels of history and the Second Coming. All the guests had heard Divine Principle lectures before, some of them had been coming for two years and so they could follow well and understand the essence.

We will continue to teach them and guide them to True Parents.

Last year Mr. Krcek published a book with the title "Who can show me the way to paradise?"

This book is a collection of twelve of his sermons. Many members started distributing it in their hometowns beside True Father's autobiography.
