

## Witnessing in Seoul, South Korea

Sarah Davati

September 4, 2013

The 21 Century is called the age of globalization in which FFWP plays a significant role.

Probably Rev. Moon was the first leading “True Man” figure in integrating the East and the West that leads to creating a multi-cultural, multi-language, and international global community called Family Federation for World Peace (FFWP).

Now with the dawn of VISION 2020 in 2013, Mrs. Moon, True Mother is the first leading “True Woman” figure in kingdom building on earth by using family blocks (Blessed Central Families) that are transcendental and transparent and can be used as an AGENT of “CHANGE” and transformation of a fallen society into an ideal society centered on true love of God.

Now I am in Seoul Korea eager to contribute my part toward Vision 2020, in uniting the Fatherland centered on True Parents (True Man) messianic figure. I pray that my offering will be accepted by God and by True Parents. So help me God.

Kim Jong Un, (the False Man) who is the leading figure of North Korea and the head of Communist Party is also very eager to unite Korea centered on himself ( as he made himself god to his people) and his one man ruled cruel communist party.

Yes, the True Man (the Messianic figure) and the False Man (communist leader) both are working hard to unite the North and the South.

It means the fate of the Korean peninsula depends on which leading figure wins faster.

And what is our role and our part as Blessed Central Families of this global community called FFWP, in this providential period. This is the question we must ask ourselves.

Our conscious, the god within us knows the answer. Not everything depends on God. God’s predestination of HIS WILL depends on man’s fulfillment of his/her portion of responsibility.

In the case of a Unified Father Land, perhaps Central Blessed Families are those who are “chosen” and ‘called’ to represent humanity.

It means when, we the BCF do fulfill our responsibilities FULLY, and then God’s will be manifested on earth. But I often ask myself what is my portion of responsibility toward me?

Toward my neighbor?

and toward my God and toward True Parents/

and toward my nation and toward God's providence?

Again these are the question that we all must ask ourselves.

Our conscious – the god within us KNOWS the answer.

Toward this goal, the unity of mind and body play the main role. How to subjugate my body to obey the commands of my original mind??

As a Citizen of the Cheon Il Gunk , we must be in one accord with God's heart and live in the realm of heart with God to reach out and help whenever He, our Heavenly Parents needs us or whenever His providence cry out to us.

Lord Jesus subjugated Satan on world wide level, True Parents subjugated Satan on cosmic level, and I must subjugate Satan on family level!

Yet we are still working on subjugating our demons within on individual level!!

One of the most effective ways to subjugate Cain within us is to express "gratitude" no matter how miserable you feel inside.

another way is to "witness" and teach "Divine Principle" to others

( not to your own church members but to OTHERS to secular people). It means get up from your EASY CHAIR and get to the street and spread God's love to others by "witnessing" to them give them Divine Principle (Mana from Heaven) and tell them about the GOOD NEWS! Love them and bless them.

That is why True Mother's Vision 2020 plays such a crucial role in this providential time in history in kingdom building on earth and toward this goal the contribution of each one of us counts.

Last Sunday I attended Dr. Yang's sermon in Korean service as well as English service which starts at 2:00 Pm at Cheon Bok Gung Church in Seoul. I was very impressed to find CBG church "alive" packed to maximum capacity with on going seminars on Saturday and Sunday.

I was happy to serve with witnessing activates and singing in the choir. I hope soon there will be an "International Witnessing Team" in Seoul in which Weston members can come for a period of 21 days or 40 days and get a FRESH glimpse of 'vision 2020'.
