

UPF and FFWPU Canada's Ambassadors for Peace Vision Seminar

Franco Famularo and Robert Duffy

July 15, 2023

On July 15, 2023, in Toronto, Canada, the Ambassadors for Peace Vision Seminar was held, inviting around 70 peace ambassadors. This time vision seminar focused on the universal values as the cornerstone for peace, addressing the issues of marriage and family, and educating about principles such as creation, fall, and human responsibility.

Another significant aspect of the seminar involved a presentation highlighting the life and accomplishments of True Parents. This presentation provided Ambassadors for Peace with an opportunity to gain a profound understanding and develop an emotional connection with the True Parents, who have devoted their entire lives to the ideals of One Family under God and the pursuit of peace.

Moreover, the attendees had the chance of watching videos from the Peace Summit held in Korea this year, which further enabled them to recognize True Mother as a central figure in the current global peace and unification movement.
