- in your work place, community, party, church...
- in trouble spots around the world

to get to the cause of these problems we ought to include an assessment of the psychological and spiritual realms. Solutions need to begin from the causal mental dimension. Political measures are secondary, and economic measures are tertiary.

2. Israel - Palestine /Arab nations
3. North - South / Africa - Europe

On December 8th, we had an online public lecture by the Austrian sister Barbara Grabner, who has also written the book *Mission Butterfly*.

Her topic was on Restoration and on the “long road to reconciliation” – centering on the Cain and Abel issue.

Over 100 viewers attended our online lecture.
