---

There is so much to be grateful for as we victoriously conclude 2019 and welcome 2020. As of today, we **reached our fundraising goal** which helps secure student support and programming in 2020! What a way to start a new year fully funded and ready to make a HUGE impact! Thank you to everyone for your investment, support, prayers, and efforts.

You made a difference in 2019 and I'm so grateful for you.

With best wishes and many blessings,

Teresa Rischl, *National CARP President*  
and the National CARP Team
