

## Sanctuary Church's Six Provocative Questions

*Sanctuary Church group challenging Unification Church to respond to a list of questions. These six provocative questions about Mother, reveal the real problem of Sanctuarrians:*

Paul Carlson's responses to John Clark's Questions was posted on Face Book. The questions were totally out of Unificationist view. They show lack of understanding how Unification Church is structured and why True Father structured it this way. **Lack of understanding** how we relate with God. which is obvious also from their attitude.

Unification Church group shows obvious lack of Principle understanding. Questions are Manipulative. **Cycling** small, meaningless details to accuse, exposing the Trapped Emotions behind.

Since many in Sanctuary Church had **unresolved negative feelings**, they are now thought to collect accusations, so when Cheon Il Guk comes to use it to accuse others. Thinking, when they finally can judge, those they have resentments to, their hearts will be liberated. Which shows they don't understand God's Heart.

Dae Mo Nim explained the same for the Resentful Spirits. **Observing Sanctuary Church ways** we can understand how ancestors in the Middle spirit world are misled to resentment and why they do so much harm to their descendants. Providentially that means that now is the time of Returning Resurrection for such spirits. SO IT'S GOD'S LOVE

*"This whole situation appears, so that we can learn truly to love one another. At the end true love will win. Only through true love everything can be solved, and people will be moved there, where there is true love."*

### 1. Questions to provoke speculations, doubts and negative view

Sanctuary Church group believe they have love, yet all their attitude, way of talking, way of labeling, reveals very negative, dangerous and dark essence. It's true! I see only questions, inviting personal opinions and speculation. Degrading any vertical standard. Questions that don't expect and allow answer. REVEALING THE TRUE, EVIL NATURE OF THOSE WHO ASK THEM.

It pains my heart! Sanctuary Church questions are MANIPULATIVE, aiming to **provoke doubt**, insecurity and fear. triggering reader's fallen nature. Manipulators don't allow answers. They just corner to victimize their prey. Anyone having common base with such low, negative resonance of heart will be caught in their satanic logic, developing the same resentments and Trapped Emotions.

How does God feel about their methods? Reminds so much of the **manipulative techniques** you experience when Dealing With Manipulative People. Manipulators use specific subtle, underhanded and deceptive ways. Their language provokes intellectual arguing, almost like a minor "possession". They hide their true intentions and exploit the fear, anxiety, resentments, desires, secrets of their victims. Why would a son use all his inner information to discredit, victimize and attack his own mother? Can such attitude be from God?

*"Lucifer carried on the sinful history by attacking human beings and giving them pain." Dr. Lee, True Nature of Evil Spirit*

If you don't understand there are **evil spiritual forces behind** that, you'll get so confused, you start doubting, of what and why is happening in Unification Church. But once we recognize Satan's nature, these questions only give us power to reveal how he tricked the minds and hearts of these wonderful brothers and sisters. Using them to attack God's representatives, the same way Satan does in the spirit world.

*"The evil angels induce the people in Hell. bring them to their side. interested in the sweet words of evil angels and follow them. work together to harm people on Earth (specifically their descendants). This increases the power of evil." Dr. Lee, True Nature of Evil Spirit*

Painful or not -- If this internal problem does not **express externally** there is no way we can understand

how even our relatives in the spirit world could become, so evil as to come and harm us. Now through Sanctuary Church we can observe externally and understand the process. To liberate them, we have to understand how good people can be manipulated into so much resentment.

### **Why doesn't Sanctuary Church have spiritualists and hates spiritualists?**

This is the "Christian mistake" and Hyung Jin is **misled by Christian views**. Christians deny spiritualism. They have no idea of the spiritual laws, no idea how spirit world influences, yet they talk and talk. judging everyone from their human-centered, physical mind perspective. Christianity accused everyone else as Devils. They saw God's essence as Judge, so they judged. We see God's essence as Heart of loving, forgiving, raising, liberating -- so that's what we delight in.

For me **as a spiritualist**, it is so obvious when evil spirit world works through Sanctuary Church and how. A spiritualist, being himself connected to high realms of spirit world, can immediately recognize the low resonance of their speech, wrong way of thinking and acting -- misled by bad spirits, having nothing to do with Love Resonance.

Yet they want to stay in the resonance of negativity and resentment (Hell) and they **feel fine there**. Why? Because that's their spiritual level. That's where they will end up in spirit world if we don't help them. But before expecting their Original Mind to open, the evil spirit world obsessing them has to be liberated. Remember, **we always love and liberate everything**, even the resentful spirits -- that's Chung Pyung providence. Isn't it?!!

That's why Hyo Nam Kim has become the boogeyman of both the GPF [Global Peace Festival of Hyun Jin Moon] and Sanctuary Church groups, mostly based upon **rumors and false claims**. The evil spirits dominating Sanctuary Church don't want themselves revealed. Dae Mo Nim can see and liberate these evil spirits. But they resent and find objects to attack through. They push people to spread rumors, gossip and try everything to destroy the mediator Dae Mo Nim works through. I constantly see how these things work spiritually in and out Unification Church. God's Heart is constantly pierced and attacked from everywhere. We should liberate His heart, not cause him more pain with resentments!

### **Why Sanctuary Church enjoys Gossiping and Accusation**

Of course, because that's their spiritual level. Gossiping people feel **happy only if they find common base to gossip** and criticize others from strange, twisted, self-centered viewpoint. That's precisely what Sanctuary Church is doing! These questions only reveal their EVIL NATURE and TWISTED HEARTS.

#### **Experience: The Gossiping Realm in Hell**

I asked God, "**What's the consequence of sin?**" In the very moment I appeared in Hell. It was the Gossiping realm of the spiritual world, the most painful place, suffocating your heart in the most unimaginable way. I spend few hours talking to people there, trying to understand them. My heart was crashed and agonizing, feeling the evil energy they produce.

Whatever you say was twisted in such a **vicious way**. No matter what you do, or not do, you are always attacked. Why? Because that's what these people did in their life. They **observed externally**, accused and gossiped whatever they see. My heart was in so much pain. Why such, seemingly wonderful members end up here? They looked clever, intelligent, humanistic heartistic, same like many members I know on earth. Are they gonna end up here too?

Please understand; can I make difference if these members are from Sanctuary Church or Unification Church? No! It's **painful no matter who is doing it**. I cannot escape but feel what resonance surrounds our members. My Spiritual Mind senses that and has no peace, but wants to find the way to liberate them, liberate God of this pain. Only Physical Mind (which does not sense God's Heart) can go negative, accuse and gossip. Our spirit feels agony if we do such evil things.

How these people can be so far from understanding anything True Father did and taught us. Where is unity? Where is Love? Where is Principle? Why they do things against Fathers words and than twist even Father's words, to accuse those, who do it in the correct Principle way?

### **Attack exactly True Mother's total unity with True Father?**

Why Sanctuary Church attacks everything in True Mother, which from Unificationist view, makes Mother the only true, victorious Daughter of God? Because their view of what's perfect woman is wrong - humanistic! So they are actually accusing True Mother for not being also in their wrong standing. While True Mother, is in fact showing us the model of a true woman.

Isn't that Mother's victory -- her union and obedience to Father. Why are they not inspired by that, but are

so furious with it. Because Satan is furious about that, they simply resonate with his heart.

The reason for Sanctuary Church phenomenon is ignorance of the Principle in the Unification Church. Husband represents the Vertical, wife the Horizontal. Husband is God's body, wife unites with husband, to become one with God. The questions of Sanctuary Church show that they don't understand that.

Even some invaded by secular humanistic culture Unification Church members respond, "oh, we are all with the same value", so there is no vertical center and standard anymore -- Relativism! Spiritual law is, that reversing any of the Principle priorities, allows Satan to invade. Their reaction only shows that they live humanistic way, not Principle way. There are spiritual laws we cannot violate without consequences.

Such Humanism surely expresses in the education of their children and the way they influence the Church in humanistic, self-centered direction, blocking God and the good spirit world. Why they do so? They simply resonate with Satan's heart. God's Heart and Principle feels unnatural to them. Please understand, our membership was divided even before Sanctuary Church. **We are on different spiritual levels** and different spirit world influences us. It's all about our lineage. Sanctuary Church does not understand that, they go against liberation of our lineage at Chung Pyung

**What's common between** such humanistic Unification Church members and Sanctuary Church. Spiritually, they are both resonating with heart connecting them to *Middle Spirit World* or lower; Very difficult to explain any vertical principle there. You try, again and again, but it doesn't work. The resonance of understanding and acceptance is above 300, but they are below -- meaning, Formation Stage, or under. Now we understand that it's not a matter of Sanctuary Church or Unification Church, it's a matter of what is the spiritual level of the members is. It's our responsibility to grow as Cheon Il Guk citizens. Does our spiritual or physical mind dominate us?

#### **Questions that recreate Hyung Jin Nim's Trapped Emotions in others**

The questions aim only to recreate the same Trapped Emotion Hyung Jin has in our minds. They only show with what logic Satan twisted his mind. And they only prove one thing; Behind all these questioning and cycling are some heavy Trapped Emotions against Mother.

**How to react and help:** Enter in Theological debate is wrong. It's like arguing with the evil spirits who possessed them. Instead we should help them understand why they have these Trapped Emotions and help them resolve them. help them be free of these evil spiritual influence. free of resentments.

#### **God's warning:**

How painful is God's situation. Why Sanctuary Church has so much influence in Unification Church? Because Humanism, self-centeredness and lack of Divine Principle knowledge are already strong in the Church. We need fast re-education. through the spiritual perspective.

True Father warned us in 1998, while visiting UTS, "If all our leaders don't come to study at UTS, in the future we will be more divided than Christianity." He was angry and shouting at the leadership. If Unification Church does not quickly overcome humanism, self-centeredness, negativity, gossiping. within itself -- by raising strong Divine Principle education, many problems will inevitably follow.

NOTE:

**Strawberry book, which Hyung Jin now deems part of his "Buddhist mistake". There Hyung Jin had many humanistic views and some Buddhist misdirection. But I hope soon he will realize his present "Christian mistake" and come to embrace his mother.**
