

## WFWP Ireland joined the Sisters of Faith for Peace at VHI Women's Mini Marathon

WFWP Ireland joined the Sisters of Faith for Peace at the VHI Women's Mini Marathon.

It is the largest women's event worldwide, an annual charity road race that takes place every year in June in Dublin over a distance of 10km.

It was an amazing experience as we supported each other and enjoyed each other's company across the different faiths while we challenged ourselves to walk the 10km.

It was raining non-stop but the spirits were high so time flew by.

Also, we were raising funds for our individual charities of choice with this walk.

WFWP Ireland was raising funds for this cause [gofund.me/c68dea92](https://gofund.me/c68dea92)

Any further contributions will be greatly appreciated!

Looking forward to next years event

# Support for Carolina Muñoz

Carina Miae Méndez is organizing this fundraiser.

My name is Robert Cunningham, I was born in the US, but I lived most of my life in Canada. I'm part of the Family Federation for World Peace and Unification (FFWPU) Community. My wife is Carina Mendez, she is from Uruguay, South America and we have been together for 4 years.

I'm creating this fundraiser because Carolina and Ximena are close to my wife, Carina. She worked with them translating the content of High Noon to Portuguese. These amazing sisters have the heart to dedicate their time and effort to their beloved brothers and sisters in our FFWPU community. Their motivation: Bring support to their brothers and sisters in Brazil.

Sadly, on January 10th Carolina and Ximena were attacked by a man with a knife in their apartment. This man was their neighbor, and that is why they opened the door to him. Ximena trying to protect her older sister from the man's attack received the most direct hits, which cost her life. Carolina is in the hospital with injuries to the head, neck, and ear. She is stable, and her life is not at risk.

It's been extremely painful to receive this news. **Ximena, at 22, has gone to heaven.** Her life and heart have been so connected to living for others that she will forever be an inspiration for all of us, but there are no words to describe her loss. Carolina, 24 years old, has lost the closest person to her. Her younger sister, with whom she did everything together. Now Carolina needs to re-establish her life in some way. And I cannot even imagine the pain that her parents, Fernando Muñoz y María Aparecida Ferreira, are going through.

**This fundraiser is to help Carolina heal. She will not be able to work for the next months, so we want to help her cover her living expenses for at least the next 6-months, pay for her therapy, and the medical treatments she needs for her full recovery.**

Hello everyone! Thank you for your the donation you have done to Carol. She is stable now and wrote a message to you:

"Dear and beloved brothers and sisters all over the world. I'm Ximena's sister Carolina, and I'd really like to send you a message of deep gratitude for your help and support! And also for the beautiful messages of comfort and for the prayers that have given us a lot of strength to get through this difficult time. My sister didn't think twice before putting herself in front of me to defend me from attacks and sacrificed her life without hesitation to protect me. My sister was always like that, altruistic and always sacrificed to serve, attend and please the people around her, and I was often angry, because I thought that some people took advantage of her kindness and innocence, but then I understood

that in fact, she is the one who gained the most from being the person she was. She went to the Spirit World showing unconditional love, so I know her sacrifice was not in vain.

I want to deeply thank you for everyone's support, because I felt like I really am part of one big family under Heavenly Parents. Many brothers around the world that I don't even know have felt our pain and mobilized to help in as many ways as possible.

And through you I felt that God never abandoned me, never left us, the Heavenly Parents worked through each of you to comfort us, to support us and I felt in every moment that God was present in our lives, guiding us, carrying us when the burden seemed impossible. Because with the support, love and prayers of all members, we can share the load and so even in this situation, overcoming this pain no longer seems impossible.

Through this event with my family, I could see and feel the power of prayer and unity, and that we can really do miracles if we unite and work for the same purpose, and that is what we must do for the ideal and providence of God too. Miracles will happen if we unite with True Parents, following True Mother's lead here on earth.

So I really want to leave my gratitude to each of you and deeply wish that Heavenly Parents, True Parents, and Heavenly fortune may always be with you, may you receive much wisdom, guidance, love and blessings!

A big hug to all <3"
