

# Leadership Change, Tirana Community – Albania

## *Albania, 28<sup>th</sup> July 2013*

Gi Young Shin

Through this report we would like to inform you that on July 28<sup>th</sup> 2013 we held in our Training Center in Tirana – Albania the ceremony of Leadership change for Tirana Community.

This moving ceremony corresponded also with the closing ceremony of the 15 day Divine Principle Seminar where around 90 participants attended. Over 100 brothers and sisters attended the ceremony.

The MC of the ceremony was Mr. Gani Rroshi the NL of Albania. It started with a very deep, inspiring and wonderful message by Rev. Shin – the special envoy of True Parents for Albania for Vision 2020.

After the speech of Rev. Shin, the NL made a resume of the 4 years of investment and dedication of Tirana Community Leaders, Robert & Marinela Stefanc. For them this was not just the change of leadership and receiving a new mission, but the end of a very important part of their life of investment in frontline in God's providence in Albania which started in the year 2000. They are going to move in Austria and join Vienna Community from late August next month. Their contribution in developing God's providence in Albania has been very precious and substantial. In the year 2001 they opened the pioneer center in Korca city where they invested over 7 years. In the year 2009, with the request of Pres. Song they determined to take over the mission of Community Leader of Tirana and dedicate themselves until Foundation Day. We wanted to express our deep appreciation and gratitude to Robert and Marinela for all their love and care for all brothers and sisters in Korca and Tirana and their great contribution in developing the providence on national level. Rev. Shin presented to them a Certificate of Gratitude on behalf of all brothers and sisters.

They received in tears the certificate of gratitude, knowing that they will miss all brothers and sisters expressing their gratitude to all and apologizing for not being able to do more. Everybody was in tears; tears of love and gratitude.

Afterwards, the NL presented the new Leaders of Tirana Community, Gabor and Manjola Vasmatics. They come in Tirana after many years of investment and dedication in frontline of God's providence in Vlora city. Their journey of life of faith in attendance of Heavenly Parent and True Parents is a source of inspiration for everybody and a clear message for all brothers and sisters. Even though they planned to do something different after Foundation Day by focusing on their Tribal Messiahship, they humbly welcome the new mission considering it a calling from Heavenly Parent and determined to unite with True Parents Vision 2020. We would like to welcome the new Community Leaders, Gabor & Manjola and support them in their new mission in the parent's position towards Tirana Community.

**May Heavenly Parent and True Parents bless the investment of heart of our two blessed families and may they become a blessing to others wherever they will be !!!!**
