Emmanuel Allognon April 8, 2018

We organized two 7-day seminars in two locations from April 2 to 8, 2018. The first one was in our Peace Embassy with 10 participants and the second was at the CARP center of Parakou with 42 participants.

In our CARP center which is located in northern Benin, students were touched by the Divine Principle lectures and the teaching of our beloved True Parents. They were specially moved by the contents of True Parents' life course. They committed themselves to build a Heavenly Benin.

The seminar ended with various recreational activities and a football tournament.
