

Peace Road Malta 2017

Malta, 21. September 2017

By Bryan Corlett

On the 21st September which commemorates both the Malta National Day of Independence and also the United Nations "Day of Peace", a group of Unificationists representing FFWPU, WFWP and UPF set forth from Msida towards the Capital City Valletta on a Peace Road event, a walk of about 3 kilometres.

We were accompanied by members from the Ahmadiyya Muslim group, a former Minister in the Government and guests, a total of around 35 people.

Waving flags and holding banners, we gave out flyers to interested people along the way.

We released several white doves at the starting point of the walk. The group stopped for pictures at the War Memorial in Floriana and outside the Prime Minister's office in Valletta.

The Peace Road finished at our Centre on St Paul's Street, where we showed a video of the UN Day of Peace and also an introduction and report of other Peace Road events around the world.

This was followed by refreshments and food, for all this group of "Peace Warriors" .
