2) The Age After the Coming of Heaven

(1) From the Age Before the Coming of Heaven to the Age After the Coming of Heaven

The Age After the Coming of Heaven is the age for us to live following the Heavenly Law. It is the age when we can bring victory if we practice the “living for the sake of others,” “life for the sake of greater purpose,” “life centering on God,” “living with absolute value,” “life with a right heart.” At the same time, it is also the age when we perish if we live with evil heart and action. Therefore, it is very important for us to embody the words centering on the Principle.

(4) Meaning of True Parents' Entrance Ceremony to the Cheon Jeong Goong Palace on June 13

(1) For the first time in human history, God, True Parents, and True Children entered into the Cheon Jeong Goong Palace on the foundation of complete unity as three generations. This is the meaning of the Entrance Ceremony to the Palace. Through this event, the ideal family has been established for the first time after God's Creation, and on the foundation, God's eternal sovereignty has settled down on earth eternally. The model ideal family has settled down centering on God's sovereignty, so the age of re-creation, the history of re-creation, has started. The world of new order was opened.

(2) On the foundation of the unity of True Parents and True Children, God, the vertical True Parent, has settled down on earth for the first time in human history. The place became a center of the Peace Kingdom, and at that time, a new era has started.

(3) The Entrance Ceremony and the ^{Coronation} Ceremony on June 13, 2006 is far more important than the Ceremony on January 13, 2001. Invisible God and substantial True Parents united into one as absolute, ^{of God's Kingship} unique, unchanging, and eternal True Teacher, True Owner, True Parent, and True King, through abolishing all boundaries. The total, eternal Coronation Ceremony was held on this foundation. God's authority emerges in true love. God is the king of true love and peace. After June 13, 2006, all evils and injustices centering on Satan are perishing.

(4) Personnel Changes of Korean Regional Directors in America on June 14, 2006
On June 14, the personnel changes of Korean Regional Directors in America to Korea were announced. From now on, American leaders need to lead the providence in America

- ① True Parents' desire for America
- ② Victory of Witnessing
- ③ Financial Independence
- ④ Equalization of ACLC and Ambassadors for Peace around America

(5) After the Entrance Ceremony

True Parents expect that Heavenly Kingdom should be established by January 13, 2013 during the 7-year course. After God and True Parents have united and settled down on the Cheon Jeong Goong Palace, the authority of True Children became completely different from before. True Family became the model family, and a new order has been established. We entered into the age when we can connect ourselves with God and True Parents only through True Children. Blessed Central Families are required to practice, God-centered absolute faith, absolute love, and absolute obedience united with God, True Parents, and True Children. Next, they need to practice the Four Great Realms of Heart, especially the realm of brothers and sisters (the 2nd realm of heart) in America.

(6) The Blessed Family is the Representative of True Parents.

- ① "I taught your families everything I should teach, and gave everything I should give. Therefore, you should not ask True Parents any more. Now, you should give the blessing to people as the representatives of True Parents of True Love, True Life, and True Lineage. There will be nothing you cannot solve. I gave you all."
- ② To think a life of Hoon Dok Hae as a lifeline of faith. To mobilize the spirit world
- ③ To have a sense of owner in heavenly kingdom
- ④ To become an owner of love of God and Humanity at all stages
- ⑤ We have the right to bequeath true love, so teach true love to your children. We should receive and give true love in our tribes.
- ⑥ To live a life to report to God directly
- ⑦ It is necessary to do the absolute faith, absolute love, and absolute obedience to True Parents

(7) What We Should Do by 2013

- ① To attain the Three Great Revolutions and bring unity of mind and body
- ② To attain the Four Great Realms of Heart and the Three Great Kingships
- ③ Hoon Dok Family Church, Tong Ban Kyeok Pa
- ④ To restore the sovereignty

She has subjugated all the evils in fallen history; antagonism, troubles, and struggles by true love, and blessed the whole world at the risk of her life. Finally, she came back to Korea with victory on August 20. The victory of True Parents bore fruits as the Holy Wedding Ceremony of 4 True Grandchildren on August 28.

< Testimony of Moon Shin Suk Nim >

Moon Shin Suk Nim (2nd daughter of Seong Jin Nim) was blessed with Otsuka Hirotaka Nim. Shin Suk Nim has met her grandfather a few times a year just for greeting until now. But, in June and July this year, she directly attended her grandfather at Cheongpyeong and Yeosu, and came to have a heart to do everything for her grandfather. The matching was a shock. But, she continued to have a heart to do everything for her grandfather.

5) Meaning of November 2006

① True Father's Words on October 31 at Yeosu, Korea

Everything should be finished by October. November (11) means that two persons become one. From November to May, 120 clergy should be educated internationally and interreligiously. The number 120 should be expanded to 1200, and then to 12000 in all nations. We need to complete the education of all families in the world.

The beginning of November is important.

To become 11 overcoming 10 means that it is the time when the ideal starts. It is the time when we should deliver the message to everyone and educate everyone until coming to the conclusion.

From November 1, we need to start the preparation for uniting with our ancestors after going to the eternal heavenly world.

It is the time when we need to burn any words away except Cheon Il Guk words. We have to throw away my concept of possession and nationality in order to work as representatives of True Parents.

If we think of the secular world rather than the will of God and True Parents, the door of heaven will close. There is no forgiveness.

True Father's Words on November 1

"After overcoming number 12, liberation will come. From now on, there will be heaven, paradise, and hell for blessed families in the spirit world."

True Father's Words on November 7

"True Parents gave a permission for all blessed families to enter into the Cheon Jeong Gung"

"You have to have the special education for the Blessed Family Federation from November 21 to 23."

6) What is True Parents' Victory?

① God is God of the Principle.

God works according to the Principle. Satan who is one of creatures cannot work apart from the Principle.

② Human portion of responsibility

True Parents have brought victory on what both God and Satan cannot do.

⇒ Father has fulfilled Adam's responsibility.

③ According to the Principle of Restoration through indemnity

1) To restore victory through being beaten first

2) After separating Satan, making Satan surrender

To have Satan surrender voluntarily

④ True Parents' whole life ⇒ to walk the way to have Satan surrender voluntarily

They are victors of 8 stages of indemnity

- Vertical 8 stages
- Horizontal 8 stages

⑤ Bearing the Cross of Heart. Indemnity condition through heart

God's strategy is always to sacrifice the most beloved one who knows God's will, and of love, forgive, and save the enemy.

To love the enemy more than those whom I love best

⑥ "God has been merciless to me (True Father)"

(TF's speech for clergy at the TFV banquet in Chicago 3 years ago)

⑦ The way we should go is also the way of the Cross of Heart

⑧ Condition for receiving the blessing ⇒ Condition for overcoming the top of the growth stage

1) Blessing Vows We pledged, "As a blessed family, I and my family will be responsible for problems after our receiving the blessing."

2) There is no salvation for problems after the blessing.

3) However True Parents cannot throw away sons and daughters who have worked with True Parents. Therefore, True Parents are responsible for giving the Special Pardon.

4) Background of the Special Pardon

Blessing between Saints and murderous fiends. (MSG on June 13, 1998) Behind the blessing, True Parents made a condition of forgiveness through hellish suffering at Pantanal.

Victory of the World Speaking Tour of True Parents, True Children, and True Grandchildren. Victory through the Cross of Heart

7) After October 14, 2006

True Parents' responsibility has been fulfilled through 1st, 2nd, and 3rd World Speaking Tour centering on True Parents. Then, the age governed by the law started in earnest. It is the age governed by the heavenly law. It is the age of no forgiveness.

True Father's Words on July 26, 2006

"After finishing this tour, I will fulfill my responsibility completely. Then, it will become the age that God directly governs Adam and Eve. It will be the age governed by the law. It will be the age that God governs by the Heavenly Constitution. But indemnity still remains. What a serious problem it is!"

If you don't follow True Father's words, after 1 year, 2 years, and 7 years, you will become far from God's providence. Then, who can save you?after going to the spirit world. God is God of the law, the Principle. He is not God of mercy and love."

8) About the Special Pardon

(1) At Kodiak, Alaska (True Parents arrived at Kodiak on October 4, 2006)

On October 5, 2006, True Father asked American leaders three times, "Do you believe and practice my words? Do you believe ...". Then, Father said, "From now, I will give you important words," and he said, "You can mobilize 120 Christians, the Second Israel, to the world. As three generations of True Parents did in 12 places a day, they can give the speech in 120 places, which means that 120 unfertilized eggs would become fertilized eggs for creating the family through receiving the bride.

Pastors, which symbolize the New Testament Age, are mobilized for completing the New Testament Age.

To Complete God's Will by January 13, 2013

(2) About the Special Pardon on October 6, 2006

"You are sons and daughters who have worked with True Parents, so I cannot throw you away. True Parents have been responsible for the Age of the Family, Tribe, Race, and Nation. The pardon in the Age of Nation is the last one. There will be no more pardon.

① Seriousness of the Content

Heung Jin Nim and Dae Mo Nim said, "There are not so many members who can enter into the Kingdom attending True Parents when True Parents will enter into the spirit world." Until now, Heung Jin Nim and Dae Mo Nim have wanted True Parents to give a special pardon, but True Parents could not.

After True Father came to Kodiak, he made his determination to negotiate with and listen to the spirit world. He also talked with Heung Jin Nim and Dae Mo Nim. He prayed desperately to God, "Dear Heavenly Father, please open the way of forgiveness. I cannot leave them until next year. Please open the way even though I would be flogged for it. Please open the way of the pardon even though my feet would be smashed by the rod of punishment, or even though the rod would be broken."

True Father said, "I opened the way of the pardon this time as wide as possible. The past would be erased completely. Everything evil would be erased. I would take

off the memories.”

②Explanation of Rev. Chung Hwan Kwak

“Those who committed sin should be hit on the hip by a rod. We have unforgivable sins even though we are hit by thousand of rods. However, we will be forgiven through the pardon this time.”

③Special Pardon from True Parents

“Special Workshop for the New Beginning of Cheon Il Guk Blessed Families” started. On November 7, the 1st “Special Workshop for the New Beginning of Cheon Il Guk Blessed Families” began at Cheongpyeong Heaven and Earth Training Center.

This workshop is a spectacular grace given by True Parents in Alaska, on October 9. Dae Mo Nim offered 10,000 bows for the Blessed Families and members around the world to receive such graceful Special Pardon. During the “Special Workshop for the New Beginning of Cheon Il Guk Blessed Families,” the Absolute Good Spirits and Angels will be mobilized for the Special Separation of Evil Spirits as well as the collective sin and ancestral sins will be removed. Also the grace of dedicating the Fulfillment of Wishes Papers will be ongoing. You can also liberate your ancestors (1-133) during this Special Pardon Workshop. And you can still bless your ancestors (1 - 126) (November 18 - 20, December 16 - 18, and etc).

* After the evening Holy Song Session of “Special Workshop for the New Beginning of Cheon Il Guk Blessed Families,” there was a special lecture by Rev. Sun-jo Hwang, International President of FFWPU, with a title of “Grace and Inheritance: Completed Settlement and Beginning of Heaven and Earth.” Rev. Hwang explained the meaning and value of the workshop as follows.

“What is the difference between ‘Liberation’ and ‘Being Completely Free’? According to True Father’s words, ‘Liberation’ means to be free after a certain period of indemnity period. However, in that case, the records of the past (sins) still remain. On the other hand, ‘Being Completely Free’ means to be free despite not finishing the indemnity period. Moreover, even the records of the past are erased. They are erased, and become nothing.”

until now were the graces of 'Liberation.' However, the Pardon this time is the grace of 'Being Completely Free'. When True Father forgave us and give this Pardon Workshop, he said, 'I need to erase everything from my memory.' True Father knows the crimes committed by the members and blessed families, but he is saying that he would erase those memories. Thus, the nature of this workshop is to erase the past completely, into nothing. Therefore, you must understand the enormous meaning behind this Pardon Workshop."

The 'Special Workshop for the New Beginning of Cheon Il Guk Blessed Families' for blessed families in Korea and Japan will be held in Cheongpyeong Heaven and Earth Training Center with Heung Jin Nim and Dae Mo Nim. For blessed families in other countries, it will be held during the world tour of Heung Jin Nim and Dae Mo Nim. (from the official website of Cheongpyeong Training Center)

⑤ **Dae Mo Nim's Speech: The value of the 'Special Works for the New Beginning of Cheon Il Guk Blessed Families'**

(Note: On Nov. 7, 2006, the First "Special Workshop for the New Beginning of Cheon Il Guk Blessed Families" was held at the Cheongpyeong Heaven and Earth Training Center. The Workshop this time is a great forgiveness granted us by the True Parents of Heaven, Earth and Humanity on Oct. 9, in Alaska. Dae Mo Nim set a condition of 10,000 bows, opening the way for Blessed Families throughout the world to receive this special forgiveness through a Holy Wine Ceremony. On Nov. 8, the second day of this Special Workshop for a New Beginning, Dae Mo Nim testified to the participants regarding the preparation process of this pardon, and spoke on the importance of life after the Holy Wine Ceremony. (Edited by the Office of Planning and Education, Cheongpyeong Heaven and Earth Training Center)

Annyeonghaseyo I am truly grateful. I don't know how to express gratitude toward the members who came for this first "Special Workshop for the New Beginning of Cheon Il Guk Blessed Families"... I earnestly wish that this can become a valuable time which we can show to God and True Parents, saying, "We truly longed for this day."

The Amazing Grace of the Holy Wine Ceremony

The Holy Wine Ceremony of this time is an amazing grace, blessing and forgiveness that we will not find in the past nor in the future. Following our Registration, we should have grown and developed, keeping absolute faith, but we were unable to do so. We should have grown into mature members, who could report directly to God in this era of the

ownership of Cheon Il Guk, the era of "Aju," but we have not been able to do so.

The True Parents have already done everything they were to have done. While carrying out the dispensation, True Parents have opened up the way for us to live in happiness. However, we ourselves were unable to advance what True Parents had done; instead, we kept looking back and fighting as couples, saying anything we felt like saying to each other.

Moreover, even if we ourselves did not commit sin, the entangled contents of collective sin which cannot be undone, already have a hold on us. We are all bound to Satan and the evil spirits, being dominated and controlled by them. We just cannot go to Heaven in this way.

We lack the heart to receive forgiveness, even if we commit sin. Although True Parents have asked us, "If you commit a sin, go to the Family Department to report, and set a condition to receive pardon," we have not done so. Thus, the further our lineage extends, we become more and more connected to evil, and our minds and bodies become completely bound to Satan and evil. We should have severed all of these ties, washed ourselves cleanly and become able to enter Heaven, but until today, we have not been able to do so.

When Adam and Eve fell and escaped, there should have been someone to tell them, "Adam! Eve! Go to God and ask for forgiveness. Set an indemnity condition, plead for forgiveness, and make a new start." Today, Satan and the evil spirits have a complete hold on us. Someone must cut this link, wash us completely and make us into owners of Cheon Il Guk in the era of "Aju," where we report directly to God.

Thus, I asked True Parents this time, "True Father, please grant us amnesty. You must grant us this." When True Parents saw all of the sins we had committed, they said, "They should fast for 40 days if they wish to be forgiven." So originally, the fast is for 40 days. Not a 1-day fast. Father also said it should be a 40 Day Workshop. However, it is difficult for everyone to do so. Yet, as we should set a certain standard that True Father referred to, that is why I offered 10,000 bows.

People say, "I am a sinner. I've got sin." But you don't know about sin; you don't know about the spirit world, nor about indemnity conditions. If I were to ask you, "Fast for 40 days and attend a 40-day Workshop," how many of you here would do so?

In order to pull everyone who has been blessed into Heaven, starting from the 36 Blessed Couples to the 400 Million Blessed Couples, I thought that someone who could see the spirit world, could see sin and could see indemnity conditions should set a condition, and that all of you could set a condition that was possible for you. I suggested this to True Parents.

At that time, True Father said, "How can I make you, who worked so hard to build the Cheon Jeong Gung Museum, do 10,000 bows? I couldn't possibly do that." I said, "True Father, please grant the pardon. I will make 10 whips in order to receive forgiveness. Our beloved members don't know well what is sin, what is evil, what is Satan. I, who know, will take the lashes so please use the whip on me." True Father said, "How can I whip you who's gone through hardships?"

The Holy Wine Ceremony this time was granted in this way. We must offer our utmost devotions, so that we can truly be forgiven. This is a precious time to sort ourselves out. Until now we could not make a true family, lived in our fallen nature, lived immorally,

went halfheartedly to church, spoke irresponsibly, but we will be straightened out through the Holy Wine. This Holy Song session will cut off the links by which we are bound to Satan and evil. During this session, 300 billion absolutely good spirits and angels will cut off all of these links, so that there will not be a trace of them left.

Our Life After Today

Brothers and Sisters, the important point is not just that you participate in this Workshop. What is more important is that following the Holy Wine Ceremony, we change internally, completely, and "How we live on from today."

First, husband and wife must really unite as one. The husband should give absolute love to the wife, and the wife should return absolute beauty to the husband. From today forward, you should make effort so that your hearts are constantly one. You should yield to each other, and live, loving each other.

There should be no fallen nature from now on. We should live for the other, and live in true love. There should absolutely be no thoughts of jealousy, anger, hatred, falseness, greed, egocentric mind, arrogance and so on.

Whatever happens, there should absolutely be no drinking, or smoking. Drinking and smoking first of all make it easy to be lustful, and affect our fallen nature and health. From now on, you must never resort to lustful acts. You must absolutely not look at another beside your husband or your wife, not touch, not take and eat, You must not misuse public money.

From now on, you should not speak unnecessarily and trample on a person's feelings. If it's not about yourself, which you know to be true, there is no need to say uncertain things about other people. If you speak indiscriminately without knowing the situation well, it can leave a negative effect on your descendants.

From now on, never forget to go to church. Sunday, the day you go to church is God's Day. Not only is January 1, the start of the New Year God's Day, but Sundays are also God's Days.

We should become people who can always attend the elders and elder families, and we should become people who can really love younger families.

The Holy Burning Ceremony that All Members Should Attend

This time, when I offered 10,000 bows, it was different from when I did the same in the early 1990s. It was so difficult. I continued the condition from last night to early this morning, so that all problems could be cut off and cleared by the time all of you attended the Holy Wine Ceremony, but it was not easy.

If the members can truly be grateful for this and think, "We should offer many conditions to go," that would be good, but the members are debating, "Should we go or not?" so that makes things all the more difficult for me.

When all of you return home, please help so that every member can attend these Workshops. Do you understand? ("Yes.") Before God and True Parents, we must have a heart of gratitude for this special forgiveness.

God and True Parents now desire that the Kingdom of God on Earth and in Heaven be fulfilled. God spoke, "I will live within you, and you will live within me, let us witness together. From now on, I will move you." It can be done. If we believe absolutely in only God's words, and if we unite, it can be done.

Even if you had a frown on your face until today, please smile from now on. If you can live a life of laughter, fortune will come. A precious time has come, in which if you live, humming a tune that "I've been forgiven now. God and True Parents live within me. I also live in God," you can live well, literally receiving "Blessings."

I am truly grateful to all of you who have come to the Workshop. This evening, there will be a Holy Burning Ceremony (to burn our letters of repentance). You don't have to go into specifics on these sheets passed out to you, but please write with a really, truly repentful heart: "God, True Parents, I have made a mistake. I am grateful. From now on, I will fulfill your Will well." Then, we will hold the Holy Burning Ceremony to offer these to God.

If you receive forgiveness this time, things will be resolved because the Absolute Good Spirits are here. The Ancestor Liberation Ceremonies are incredible spiritual works that change your lineage to the lineage of God. From now on, the Absolute Good Spirits will assist you, so I ask that you can all lead valuable lives, that evil spirits will never be able to approach.

Brothers and Sisters, I love you. (Applause.) I promise that Cheongpyeong Heaven and Earth Training Center will be a place that can truly help you to live without difficulty, eternally. I pray that all of you will become precious members who will always be healthy, always able to receive the love of God and our True Parents.
