

“Beacons of Light Awards 2021” of Pure Love Education Academy

Spain, January 18, 2020

By Osamu & Mercedes Tomita

Having the strong desire to develop more the relationship with the members of our Tribe, came the idea to choose those that are reading our “Educational Cards” based on two books: True Father’s Autobiography and The Mother of Peace a Memoir by Hak Ja Han Moon.

From 2020 till now, we have been preparing by Facebook and WhatsApp Cards with parts about True Parents’ Books. Among all the people that were reading these cards, we have chosen 36 people.

We prepared the content of the Certificate and the purpose of it, then we gave to 12 people in Facebook, 12 people in WhatsApp, which two of them are our own relatives. Then we gave to another 12 people the award in person. We met them in a Coffee shop, or in their homes. It was a framed Certificate of Recognition for their consistent reading.

We gave 36 awards in which it is written that our True Parents are the “Beacons of Light of the World” and they receive this Light from God. You have been readings consistently the Educational Cards and You have been educated by them; God has chosen you to also become a “Beacon of Light” for others around you.

The world needs to distinguish between good and evil so we need to be a Beacon of light to show them and help them to see the difference. God is very sad with so

many conflicts in the world, we must help Him and build together with Him, His Kingdom of True love and Peace.

The Program started and ended in Prayer so that God our Heavenly Parents is the absolute center.

I gave the opening remarks explaining them the new mission given by God to be “Beacons of Light”

Two married couple read 4 cards of education each. So people in the audience could listen to the content and see how great and divine are True Parents’ lives and achievements.

We showed a PPT with all the 36 chosen and those that were in the zoom then we’ve applauded them.

We could rejoice a lot with our singer Mariella Köhn, she sang “Let it be”. Also, Mrs Camino de la Puente that she is a pianist and she played for us a melody from Mozart and a melody from Enrique Granados. These two performances were an excellent contribution. Both are members of our clan since 2007.

We had the great honor to have a blessed couple from UK Dr. Trevor and Faith Jones that are the National Messiah’s in the Republic of Peru. They could share with us the work that they have been doing with UPF and WFWP. It was amazing to see how much they have done.

Then we had the great honor to listen to Mr. Manuel Campillo, Director of the Family Department. He

shared with us the great value of the Family and how important is to take well care of our family clan and people.

After the closing prayer, we have the closing remarks from Mrs. Conchita García, she shared with us her reflections on the program and the value of it.

I'd like to end this report with the comment of Mrs. Elisa and Anabel Redondo they said:

“An inspiring meeting: recognizing the power and authority of Goodness. Recognizing the Light that is pointing to the Truth, Goodness, Beauty, through the Blessed Families and marriages united by faith. They are Beacons of Light to humankind, to who we recognize and honor with devotion, like a great and big family building the True Peace.” Mrs. Elisa Arroyo and her husband that he passed away are Ambassadors of Peace since 2009. They also belong to our Tribe. She has True Mother’s Memoir and she is reading it.

Her daughter Anabel she has a deep respect for our beloved True Parents.

My husband and I think that with this Event could deepen our relationship with our Tribe and they are also closer to God, Heavenly Parent and True Parents.

We feel deeply grateful to all others HTMs of our Holy Community in Spain that have supported us.

All together we have put another “brick” in the Building of God’s Kingdom in our Land.

We love this Land, the Kingdom of Spain and our Heavenly Tribe!

Eog Mansei for God and True Parents!!!

With deep gratitude to all the Holy Ancestors and the Holy Spirit.

Osamu & Mercedes Tomita

HTM. Madrid.
