

## “Night of Religion” – Presentation of Peace Road

Barcelona, Spain, September 17, 2022

**A**t Ronda de Barcelona, the headquarters of the Federation of Families for Peace and Unification in Catalonia, we celebrated the event "The Night of Religions in Barcelona 2022".

The Night of Religions is an initiative, which receives the support of the Barcelona City Council, is organized by the UNESCO Association for Interreligious and Interconfessional Dialogue (AUDIR).

The main objective of the Night of Religions is to generate and promote a space for meeting, mutual understanding and dialogue between the citizens and the religious and conscientious communities and entities of Barcelona.

In this seventh edition, under the subtitle "Convictions and beliefs in dialogue", there were fifty activities spread throughout all the city of Barcelona and one of them was our event in Ronda de Barcelona.

This year our community has come with the presentation of the project "La Ruta de la Paz", Peace Road, a global project for sustainable and lasting peace.

In the two sessions apart from the families of our community, we had more than 20 new guests.

After the opening and welcoming words by Artur Beshaj Sulaj, the coordinator of the Federation of Families for Peace and Unification in Catalonia, our National leader Maryvonne Jamois has presented what the "Peace Road" project consists of, how it began and the purpose of this project. Emphasis was placed on the work that True Parents and now True Mother's leadership have done in fulfillment of this project.

We then projected the video of the presentation of the Peace Road project and also the Peace Rode events in Spain such as "The Walk for Peace in Vall de Nuria" in Catalonia and "Peace Road in Toledo" an intercultural city with a religious plurality living in harmony.

Then we hear testimonies from Héctor, Dulce, Esi, Rodrigo and Sofia, who participated in "Berlin Peace Road", last July. Their experiences at this event have greatly impressed the guests, especially the fact that this event is opened for people from different ages.

The event ended with a musical performance by Lila Ramini, the international singer and ambassador for peace, and snacks...
