

TESTIMONY: “Selling True Mother Autobiography”

João Oliveira (Portugal) 

6000 couples

Mother, you raise me up!!

Mother, when I´m selling your autobiography, I always remember the song "You Raise Me Up".

When I am down and, oh my soul, so weary

When troubles come and my heart burdened be

Then, I am still and wait here in the silence

Until you come and sit awhile with me.

You raise me up, so I can stand on mountains

You raise me up, to walk on stormy seas

I am strong, when I am on your shoulders

You raise me up to more than I can be.

I have dedicated myself to being able to make known to all Portugal, your message, the words of God's only begotten son and daughter.

I took the **True Father's autobiography** around Portugal, on a tour I did 7 times, **2163 people bought it.**

In the last year and a half, I have set out to do the same with the **True Mother Memoir, so far, I have sold 782 books and I see this as 782 people who I can link to you.**

Whenever I introduce myself to each of the people I approach, and some of them I've known for a few years since the fundraising, I start with the words "I bring here a book that will change your life, the lives of your ancestors and your descendants!" and to some I even say "you haven't died yet because I had to have this book that I have here!".

To sell True Parents' books I gain unshakable strength and speak with the conviction that you are the Messiah, the only begotten children of God, the Mother of Peace.

Many are shocked because we are a very Catholic country and almost everyone sees the mother of Jesus as the holy mother. It's amazing how I can see how the spirit world works through me.

There are no barriers to my faith, so I find a way to get there and talk to people behind closed doors and even safe places, I can even often sell the book to people who at first were rude in words and didn't they wanted to buy it.

My five-star hotel is my car where I cook, sleep, and do HDK. When I return to my car at the end of the day, I feel cozy and peaceful as if I were back in your womb.

To Heavenly Parents I only ask for strength and health to do their will to lift your message, dear True Parents, because I believe that even if they don't understand it now, this is a foundation for their entire family and especially for our nation.

A few weeks ago, I dreamed about you True Mother, I walked with you through a big garden, and I could see how generous your heart is to everyone, even to those who don't understand you.

My wife Kiyoko and I pray that you have a long life and that you are proud of us.

And thanks for always raising me up dear beloved true Mother, don't worry about me.

I am strong and I will always give my best, in order to many people Know about YOU.

Your son,

João Oliveira
