Synopsis: In the book of Genesis, the First Blessing God gave to humans was to be fruitful, which can mean attaining full maturity. We will explore what it means to attain spiritual maturity, and how we can attain it. We will work on developing our own two-way communication with God, and understanding our own spiritual senses and gifts. The seminar will also explain how spirits live and interact with us, and provide techniques and exercises for developing your own spiritual abilities.

Seminar Facilitator: This workshop will be facilitated by author, historian, Reiki Master, and psychic medium Ron Pappalardo. Ron has a Bachelor’s degree in history, did graduate studies in religious education at the Unification Theological Seminary, and is a graduate of the Morris Pratt Institute’s Educational Course on Modern Spiritualism. His book, *Reconciled by the Light: the After-Death Letters from a Teen Suicide*, is required reading for all ministers prior to their certification by the National Spiritualist Association of Churches.
