WFWP speach at public Muslim community event.

Muslims against terrorism

10th August 2016, Prague

*(reported by Marcela Rozehnalova, WFWP president, Czech Republic)*

Muslims and Christians held joined a Christian mass in Prague's Church of the Most Sacred Heart of Our Lord, Wednesday 10th August 2016, to condemn terrorism and to show the world that, in spite of the recent attacks in Europe, the two religious groups stand together.

The event was very nice and meaningful. There was a sermon in Catholic church attended by Muslims as well.

After there were public speaches in front of church. There were 200-300 people there.

WFWP contact Katarina Prokicova, Czech Muslim, participated in Bridge of Peace between Muslim women and women of judeochristianity at European WFWP conference in Prague in November 2015. 30th January 2016 she participated in GWPN conference „Women-Faith –Life" and was appointed as ambassador for peace. She is very openminded towards Divine Principle and True Parents. In the beginning of August 2016 she has approached WFWP president Marcela Rozehnalova and asked her for the public speech at muslim public gathering against ISIS terrorism. Eventhough the other day she has found out that there are already enough speakers she managed to push the WFWP speach to be given☺

Katka Prokicova was reading Proclamation of muslim community.

There was also muslim leader Vladimir Sanka talking. Later he said to WFWP president Marcela Rozehnalova that he has been in Israel when there was Jerusalem declaration and also in Korea - he was approached by UPF. ☺

WFWP president Marcela Rozehnalova prepared her speach in deep prayers with the desire to pass on the message that God is the parent of humankind and proclaiming True Parents.

In her speach WFWP president said and introduced:

- God is a Parent of humanity - Father and Mother - who is suffering when His beloved children are suffering and hurting each other, He cannot intervene in human responsibility since he has given free will to man – and true love must give a freedom
- God didn´t create the religions but man and woman in His image who were supposed to mature and become true parents building good family, good society, good world - Heaven on earth
- True Father as peacemaker - guotated his words about division made by Satan and God´s desire for one unified world he has spoken in UN 18th August 2000 while receiving Peace Award.
- Father´s intention for unity of world religions and experience from Jesus coronation in Jerusalem when peace gathering organized by UPF founded by Rev.Moon attended thousands of Jewish, Christians and Muslims and when Jewish representative offered crown to Jesus with words "Jesus, welcome home".
- Jerusalem declaration signed by Jewish, Christian and Muslim representatives.
- The root of conflict between Islam and Judaism-Christianity going to father of faith Abraham - story about Hagar and Ismael and Sarah and Isaac and that Islam came from Ismael and Judaism from Isaac.
- Importance of time we live in as time of reconciliation and making unity and harmony
- True Mother´s words : "History is calling us to reconciliation,.... Todays´ problems can only be solved by the logic of love."

- Proclamation that WFWP will always work with all people of good will no matter what race, religion, culture or nationality to create ONE FAMILY UNDER GOD!

There were many medias there and also TV making videos. The hope of WFWP president was that they can broadcast it and many people can receive the message about God and True Parents. Unfortunatelly it was not the case. They only were interested in Muslims proclamation and those who were against muslims disturbing the event. :-(

The good aspect was that at least 200-300 people could hear the message. Also muslim community was happy that WFWP stood on their side, few came and expressed thanks being interested in WFWP and working together.
