

National level Divine Principle Seminar!

January 28th – 31st 2016 Tirana, Albania

Dear Brothers and sisters!

We would like to share with you the report about our first National Divine Principle Seminar for this year, 2016. The title of this seminar was *“A unified family under Heavenly Parent!”* and it took place in our Seminar Center near Tirana. In total we were 40 participants, and among them 19 participants were for the first time.

Participants had the pleasure to listen to Divine Principle lectures by: Majlinda Matraku, she was the coordinator of the seminar as well, Arjan Haziraj, Manjola Vasmatics, Ardit Matraku, Mirilda Tili, Ermela Stena, Lubin Argjir, and Gani Rroshi. The powerful and energetic MCs of the seminar were Elisjana Mustafaj and Emiljano Kulla.

Seminar's atmosphere was positive and happy. All the participants were very careful in listening the lectures and they also participated in many discussions.

Here are some reflections from the new guests who participated in the seminar.

I feel I am very lucky to have the chance to participate in this seminar. More than just to be a participant, I feel I am lucky because I had the possibility to learn about True Parents. I believe that everything in life happens for a reason, and today I feel like home here with you. I know I have a lot of work to do and a lot of things to learn, but I will make it. I will make it because True Parents are with me!

I have been in many camps, I have visited many religions, but only here I could find some clear and direct answers which I was looking for from many times. I know that this is not enough, but I will work hard to learn more. Starting from today, I am a better person from yesterday and for this I feel grateful to Family Federation which works so hard to save people around the world.

It was very important for me to participate in this seminar. All the information I received is going to change my life. These days were the most decisive days in my life. God bless True Parents and their followers.
