Starting of 40 Days National Mobilization

July 31st 2016, Mullet, Tirana – Albania

After finishing a wonderful 15 days Divine Principle Workshop, 65 brothers and sisters, came back after 5 days in our Workshop Center with a strong desire and determination to invest for our Heavenly Parent and True Parents in this time. The want to dedicate this time to our dear nation as well.

Majority of the young people who came back were participants of the 15 days workshop, so the feeling was like the workshop did not finished yet.

Same energy, laughing, and joy. They were happy to meet again each other, and they were curious for the coming 40 days.

7 teams are going to invest in witnessing and practicing True Parents tradition for 33 days in different centers around Albania and Kososvo, and 1 team is going to be all the time fundraising around Albania, by driving and sleeping in the tents. After this days they will come back to our workshop Center for being part of 7 days Original Divine Principle Workshop.

For two of our newest centers, New Tirana and Fier is the first time to have a mobilization team.
