

## 1 Day Workshop "Change Starts from Me!"

On February 9th 2018, we organized a one-day workshop at our Center, with the theme: "Chan ge starts from me." We had 7 new guests and 8 members as staff of the workshop. The guests who participated were the ones who just received Divine Principle lecture "The Human Fall." Then, to these peop le we gave other Divine Principle lectures as "Principle of Restauration", "Para llels of History", "Second Coming" and "Life Course of True Parents".

We had a wonder ful familiar atmosphere created by the song s, games, lectures and video s. The participants showed their interest about the information they received, and they were surprised from the news that True Parents are Mess iah of the Second Advent. They were inspired and we pray for their spiritual protection form Spiritual World.
