The Heaven and Earth HJ CheonBo Training Center - Heavenly Latin America Branch held the HJ CheonBo Special Workshop in Heavenly South America, on July 30th 2023 in Brazil, Subregion 1 of Heavenly South America.

The HJ CheonBo Special Workshop was an in-person event in Sao Paulo, Brazil, and was broadcasted online to 42 church centers around Brazil. Moreover, this Special Workshop was held at the same time in other 9 countries in Heavenly South America, via broadcast. In total 10 countries, Brazil, Paraguay, Uruguay, Argentina, Chile, Bolivia, Colombia, Ecuador, Peru, and Suriname, and 65 church centers attended this Special Workshop.

The event had the participation of 2048 members from all over South America. In person at the São Paulo headquarters, 510 people gathered to receive great grace and blessing from Heavenly Parent and True Parents of Heaven, Earth, and Humanity.

Heavenly Parents' and True Parents' grace were bestowed to blessed families and members throughout the continent through the Ancestors' Liberation Ceremony, Ancestor's Blessing Ceremony, and CheonBo Chanyang Yoksa, separating evil spirits that were attached to our bodies.

At the opening of the event, our elder leaders in Heavenly South America gave special addresses.

Heavenly South America Regional President, Rev. David Kim emphasized in his speech the importance of the liberation and blessing of ancestors, as well as the separation of evil spirits, thus further motivating members to continue participating in the CheonBo Works.

Moreover, Rev. Seong nam Kim, Heavenly Latin America HJ CheonBo Branch president, gave an inspirational opening speech and conveyed the heart of our True Parents as the Cheonwon Gun and the Cheon-Il Sanctum were dedicated to Heavenly Parent this year. Rev. Seong nam Kim also addressed the importance of the liberation of evil spirits, even for those families that already concluded their ancestor's liberation and blessing 430 generations, and explained the great grace that has been bestowed to members and blessed families around the world through the Grace of Cheonshim Won Special Vigil Prayer.

This event was an amazing opportunity for all the members to liberate and bless their ancestors moving forward to achieve victory at the vertical HTM as well as experience Heavenly Parent and True Parents' love and grace while working hard to achieve victory in testimony.

Many of the participants reported amazing spiritual experiences and a feeling of self-liberation and gratitude, while receiving the amazing grace of CheonBo Chanyang Yoksa, the grace of separation of evil spirits.

The Providence in Brazil, and in the whole Heavenly South America is advancing rapidly towards fulfilling the will of the Heavenly Parent, bringing love and grace to all members.
