### Award to WFWP – Jordan from the Government.

WFWP Jordan was invited to receive an award for donating a small amount of money for Ramadan. It was a meeting where other NGOs as well were receiving awards for the same reason.

WFWP was called first and honoured particularly warmly. The Minister who presented the award had already participated in one MEW Conference. For many years, WFWP J had been benefiting the poor people in the Amman area. It was never noticed, on the contrary Fusayo I. had always great difficulties to secure residence every year.

Yet suddenly this time, it received this award! Mrs Fusayo Irikora received the award together with the closest WGPA, Mrs Mounira Faraj.

Dear Friends,

The Women's Federation for World Peace, International (WFWPI) is an NGO working in over 120 nations to empower women and girls as peacebuilders and leaders through education, advocacy, partnership, reconciliation and humanitarian service- with an active presence at major UN Offices.

We are committed to advancing women's role in the 21st-century and engaging leadership that is principled, creative and effective in addressing challenges of our globalised community.

Annual women's leadership conferences have been held in prominent venues throughout Europe since 2001. These important events have given women leaders and young developing leaders the opportunity to share knowledge, tools and resources and strengthen solidarity.

This year's meeting will be held on November 3-5 in the location of Larnaca, Cyprus, a symbol of the diversity and inclusivity that the conference seeks to promote. Cyprus is a country that has a rich history and culture, with influences from Europe, Asia, and Africa. It is also a country that has made significant progress in promoting women's rights and empowerment in recent years...

On this occasion, leaders from throughout Europe will meet to listen and share, under the banner, "Transforming our World through Advancing Peace: a Culture of Peace and Human Dignity".

We cordially invite you to participate with your knowledge, talents and experience in this important conference.

## WFPW France -Workshop « Vision and principle of Peace »

A two days workshop on « Vision and Principle of Peace » was organized jointly with UPF and WFPW France . This program took place on July 6 and 7 in St Remy les Chevreuse near Paris in a beautiful surrounding.

We had 16 guests coming from all over France and representing all its diversity and few members from UPF and WFPW were supporting this workshop . Each of the participants are Ambassador for peace and very activ . The presentation was given by Hugo Verax , the chairman of West region, Jacques Marion , vice president of UPF Europe and Laurant Ladouce. Hugo Verax presented the life and work of the founders, placing them in the troubled context of Korea and, more broadly, of a region of the world (North-East Asia) which will play a central role in the 21st century.

Mr Marion has shown the limits of a rationalist and humanist approach to peace. True peace unites humanity as one family around the parental heart of God. God's parental love unites the spiritual and physical planes, as well as the masculine and feminine. All beings are complementary. Hence an ethic of cooperation and collaboration based on altruism. In this global approach, everyone has rights, but above all an active role to play: to serve, to contribute, to create.

In his presentations, Laurent Ladouce showed that two problems haunt human history and create a painful sense of 'déjà vu':

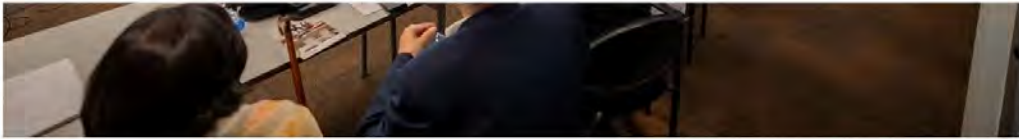

(1) How to resolve the problem between man and woman (between Adam and Eve), and overcome the powerlessness of all religious, philosophical and scientific thinking to grasp the issues of the couple, marriage and sexuality.

(2) How to resolve the problem between brothers (Cain and Abel) and the temptation to violence, hatred and rejection of others that seems to have always plagued human beings. Human beings seem to be constantly reliving a fundamental failure to achieve the good they desire. Today we are living through the "denouement" of these two problems.

After each lecture participants had the possibility to ask questions and they were very concentrated during the lectures.

We had also a cultural evening together which created a wonderful family atmosphere.
