"At Women's Federation for World Peace we believe partnership with your organization/company would be mutually beneficial.

WFWP projects and events are carried out to bring positive outcomes to society. With this in mind, WFWP seeks partners, individuals, organizations, and businesses that can assist in running a mutually agreed project to ensure its success. Working together can make a huge difference! In return, we are confident that our partnership will help increase your organization's/company's exposure throughout our international networks. We look forward to discussing this opportunity further with you and hope to forge a long and successful partnership together. Thank you for your time and consideration."

TESTIMONIALS

TESTIMONIALS

The Young Women's Speech Contest is a fantastic program for young women to share their message on a public platform. This program encouraged public speaking and self-ownership in my own personal journey. I wish for all young women who feel that spark or drive within themselves, no matter how insignificant, to take that first step and rely on themselves; it's always a personal achievement to complete this program and embark on such a journey.
