

## FFWPU EUME BFD: Completion of the Online Level 2 Matching and Blessing Preparation Workshop

Marea Toresen  
March 3, 2024

Over 70 2nd+ gen and their parents joined the online Level 2 Matching and Blessing Preparation Workshop hosted by the Blessed Family Department of Europe and the Middle East (BFD EUME) from March 1-3. Together, we learned about God's lineage, True Parents' heart, and the matching process. We heard several matching testimonies from the perspectives of both parents and the young couples getting matched and Blessed.

There were separate sessions where parents could go deeper into their role as a parent in the matching process, and the 2nd+ gen could hear and discuss purity, lifestyle, and what it means to be a mature person. Participants also had the opportunity to take what they learned to a deeper level with activities they could do at home with their parents. We are incredibly grateful to the participants and staff who created this experience.

Some reflections from the participants:

Thank you for your service and beautiful work! It's truly inspiring for me as a young person. I'm looking forward to building an extraordinary blessing and being able to support others in the future as well. - candidate

There was much new content which I hadn't heard before, which made me think -a candidate

All lectures and testimonies were valuable for me to prepare before the matching process. -parent

It gave me an excellent chance to share with my mum - a candidate
