

THE MOST FRAUDULENT BOOK IN HISTORY!

by Peter Daly

In the original Cheon Seong Gyeong, Father left it in a form that can be easily studied. After each segment of Father's words, you will see the sources underneath that paragraph, so people can look up the original speeches, where they came from.

In the “new” Cheon Seong Gyeong that Hak Ja Han and the FFWPU leaders produced, there are no references in the book itself. There is a separate small booklet called a reference guide. This contains numbers and speech dates that are supposed to refer to the chapters in the book, but because Father's words have been redacted it is virtually impossible to trace what the corresponding speeches are!

Hak Ja Han and the FFWPU leaders chose the method of redacting Father's words, which means they shortened the phrases and combined them in a book with other sections of Father's words, making it virtually impossible to identify which part comes from which speech

This then becomes a “new” creation, what they call “true parents words”. It is nonsensical, because Hak Ja Han doesn't have her own words, she just twists Father's words to her own advantage. For example, Father said that the 2000 year Christian history was a foundation for his birth as the Second Coming of Christ. Hak Ja Han, then says the 2000 year Christian history was a foundation for HER BIRTH as the Only Begotten Daughter. (3.16.18).

So, we end up with something completely different “true parents words” which is a perverted form of Father's words, which in reality are no longer Father's words, because they were changed to fit Hak Ja Han's “new” false theology.

For example, I looked at page 77 in Hak Ja Han's new Cheon Seng Gyeong and I saw the phrase with ‘love, life, and hope’ mentioned on that page five times. I thought it was odd for the same phrase repeated so much on one page. Anyway, because it was similar to what Father often said, ‘love, life, and lineage’, I tried to trace the source speech using the reference guide, and I could not trace it!

Hak Ja Han and the FFWPU leaders decided to redact Father's words for that very reason, you will not be able to trace where Father's words come from. It makes it easy for them to airbrush out Father's words that Hak Ja Han doesn't like, and it is virtually impossible to identify what speech corresponds to the content in the “new” Cheon Seong Gyeong!

It was made deliberately this way, so people would not be able to study it. It has been made like the Koran, a book just to recite not study!

Biblical scholars would never accept the Bible to be redacted like that, they respect the words to be God's words, so because of their love and respect for the Bible over hundreds of years, we still have it today intact!

I noticed one section myself that was left out from the original Cheon Seong Gyeong, pages 117 to 125, but I discovered this myself, the FFWPU leaders never admitted to removing content, so there is a lot more left out for sure!

Page 1179 was left out because Father explained on that page, that if his first wife Sun Kil Choi kept faith, she would be True Mother and not Hak Ja Han. Hak Ja Han left this out because it doesn't fit with her "new" teaching that ONLY SHE WAS MEANT TO BE TRUE MOTHER!

Page 1141 was left out, because this also doesn't fit with Hak Ja Han's "new" teaching, as Father explained on that page that if Adam reached perfection, he would be the incarnation of God. And if Eve reached perfection, she would be the wife of God. In her "new" teaching she holds that the mother is the subject. She even states that the beginning of the lineage is not the father but the mother. 3.16.2018.

If you remove content from any person's book whether fiction or nonfiction, you change the story or the theory, and Hak Ja Han and the FFWPU leaders dishonestly removed Father's words to create a false teaching, and a fraudulent book!

Here's what Father said about his words and how the Cheon Seong Gyeong was to be left as it is without even changing a syllable:

"Cheon Seong Gyeong has to be kept for tens of thousands of years for your descendants. If Christianity had the Bible which Jesus left, would they have sectarian fights? Because of this (Cheon Seong Gyeong), you cannot have sectarian fights." (4/19/05)

"If someone reads even one syllable incorrectly during Hoon Dok Hae, I correct them. The denomination should not arise in the Unification Church because we leave behind this kind of mistake. If you've read it five times, then don't criticize it and don't touch it! Sun Jo Hwang, do you understand?! "Yes." Just because you are the head of the History Compilation Committee and even if you were to memorize all the records of all the historical events, you still don't have the authority to modify [the content]. Until I look at it and explain it, then there's a reason why I'm leaving it the way it is." (477-187, 2004. 11. 26)

"Also, I don't want anyone newly changing [or editing] anything among the things I wrote. They don't know why the content is the way it is. If they change the content without knowing, then they will be judged by everyone when they go to the other world. They will be charged for it. That's why nobody should touch it without [my] permission." (493-287, 2005. 4. 26)

"The reason why we are having this time is because [I'm worried that I] might leave behind affirmations that could be criticized after I leave to Spirit World. We have to make it very clear. The word Cheon Seong Gyeong is a very dreadful word. Any person, a third person, regardless of how great they may be, even if they have several Nobel prizes under their belt, nobody can touch [or change] the Cheon Seong Gyeong. That's why new denominations will not arise." (447-187, 2004. 11. 26)

What Hak Ja Han and the FFWPU leaders have done is a disgrace, they have been deleting, changing, and redacting Father's words to fit a "new" and false teaching that Father never believed in. The original Cheon Seong Gyeong book was made exactly how Father wanted it. Hak Ja Han had no right to make a "new" fake Cheon Seong Gyeong for her own corrupt purposes!

Thank God for Hyung Jin Nim, Father's true heir and successor who created Sanctuary church for the purpose of preserving Father's words and traditions and to lead the providence.
