August 6, 2023

The Szeged and Budapest branches of WFWP Hungary organized a joint event on Sunday, 6th Aug 2023. The WFWP Hungary President, Mrs. Katsuyo Bendzsa, travelled to Szeged together with Mrs. Hilda Grančne-Sebesi and a Ukrainian lady named Mrs. Svitlana Li.

The program started with a "Peace Starts with Me" lecture by Mrs. Gabriella Papne-Dancso, speaking about individuals participating in peace-making within their own lives. She referenced working on self-awareness, the importance of processing damages brought about by the family, and to learn, understand and accept ourselves in order to be able to work in this self-aware state in our relationships.

Mrs. Svitlana Li introduced herself and her family, then she showed a short presentation about Ukraine (its school system, culture, food), and even provided traditional Ukrainian sweets to taste.

Three WFWP guests attended the program and the following discussion. Thanks for the three sisters travelling from Budapest to Szeged, and also to local members for their support and hospitality.
