"The seminar was to bring women together and remind each other on our portion of responsibilities in the society to become True women who can take responsibilities which have to do it and they can do it. After the seminar, our plan for WFWP Zambia chapter is to organize a sisterhood ceremony across Zambia to become true citizens and heal the wounds and move this country forward to become true sisters and women who love Heavenly Parent and True Parents." Mrs. Sheila Chanda Mwenda, President WFWP Zambia chapter.

"What has inspired me the most in this seminar is that I have known who I am, I have known my value as a woman who can bring changes in the society and in the world. From what I have learnt, I need to go to the villages to invite the women to come and listen themselves what I have learnt". Mrs. Misozi Mbewe, HTM leader.

"This seminar has encouraged us women to motivate the world and other women. Through this seminar, I have seen True Mother vision for women and I am proud to be a woman as well as young woman, I am looking forward to share this knowledge with other women. I am ready to go out there and share this knowledge with others about True Mother's vision about the importance role of women in the society. We women are the key for the happiness in this world".
