"Tea with Intention" is a WFWP gathering of women to support, learn and grow together. WFWP Chicago recently started monthly "Tea with Intention" meetings to share the worldwide impact of WFWP, the heart and vision of its founders, and create a community that can spread this vision by hosting their own local events.

The kickoff meeting was held on May 20, 2023. The theme, "Understanding the Value of Women," has been continued into the June and July meetings attended by approximately 30 participants each month. Each gathering took place at the Chicago Family Church in Schaumburg and included prayers, community building activities, and concluded with everyone singing "Let There Be Peace on Earth."

May 20th Kick-Off Meeting

WFWP members introduced themselves and shared how WFWP has broadened their view of the world, and the need to actively serve and seek reconciliation and peace. Newcomers shared how they met us and why they came.

The most memorable testimonies were related to the [Bridge of Peace](#) Ceremonies, the WFWP service projects and conferences here in North and South America, Korea, Japan, the Holy Land, the Philippines and Africa.

Grace introduced "The Meaning and Value of WFWP," explaining the vision and mission of WFWP through a PowerPoint presentation which touched on her four years as an administrator and representative for the WFWP International United Nations Office in New York and the valuable practical experiences she gained through working there.

Future Plans

Our plans are to meet again in August, and continue to build our new Facebook group, now 40+ strong. You can find us on Facebook at: [WFWP Chicago Chapter](#). Currently, we are preparing to host a Bridge of Peace Event on September 30, 2023. Please stay tuned for details.

With these first few monthly gatherings where we connected in heart and shared more deeply about WFWP's vision, the future of the Chicago Chapter is bright!
