

Joanna Hartl's FM Radio program: People Passion and Purpose

Matthew Huish
November 3, 2017

Featured the first Monday of every month at 2pm, on Radio Swindon 105.5, Monday 6th November 2018, and then it will be available as a podcast afterwards for about a month. The first program is an interview with a Pentecostal Pastor and his wife who also run a charity shop. www.swindon1055.com/

The people whom I interviewed are in the photo below. The Pastor Dick Denyer is seated to the left of the photo wearing a colourful blue shirt. His wife Mags is standing and clapping, at the centre-right in the front row wearing a pale blue top. They are outside the Storehouse Pentecostal Church.

Hi Everyone!

My forthcoming series of feature programmes called: "People, Passion and Purpose" will be a regular monthly series interviewing passionate local Swindon people who are doing something they believe in for a higher purpose, or at the least being altruistic. On Monday 6th November you will be able to listen to the first hour.....it has been quite a complex procedure for a technical NUMPTY like myself, sometimes I feel a bit like I'm in a Star Trek film set with all the decks and equipment.....

After the programme has been aired it will be stored as a podcast until the next programme see Podcasts below:

How to listen to the live programme on the car radio in the Swindon UK area:

Select the FM waveband on one of the channels and press the search button until you get 105.5 FM. You may get it for a second and then it may get thrown out by Heart at 105.4 which has a very strong signal. So for this you may discover like I did that your car has an extended FM band usually called FM 1 or FM 2 accordingly.

You will have to select the one that works. Once you have searched and found the wavelength 105.5FM and it is playing without getting bounced out, you can save it by holding down the channel knob for a few seconds. This will save the setting. Just make sure you have the correct FM (extended FM frequency if needed).

HOW TO LISTEN TO the live programme ON AN IPAD

Go to the app store which is a blue icon on the home screen, open the app and find the search box. Type in Swindon 105.5 and it should come up with the radio station icon and a page of writing next to it. Click on "Install" (It's completely free), then click on "open". It will show a blue box at first and then a full page will appear. All of this is the home web page for the radio. At the bottom left hand corner you will see a small play arrow in white. The name of the show and the presenter's name will be there next to it. Press that small white arrow and you're ready you should be able to hear it then. If this page disappears and is covered up by an advert advertising 40,000 music tunes etc etc, then just click out of the advert. You have to click the X symbol at the top on the left (or sometimes right) then it will just disappear, and you get back to the Radio home page.

Programme is called "People, Passion and Purpose" by presenter Joanna Hartl. Mon 6th Nov 2017 at 2pm.

HOW TO LISTEN TO the live programme ON A SMART PHONE

Go to your app store and download the app. Type in Swindon 105.5 Similar process to above. Open and press play. Programme is called "People, Passion and Purpose" by presenter Joanna Hartl. Mon 6th Nov 2017 at 2pm.

How to listen to the live programme on the computer: desktop or laptop:

Follow the link for the radio station www.swindon1055.com and then when you get

you can click on something which says Listen Live and then again you will need to press the play button, or unmute the loudspeaker symbol, whichever way it comes up. Also don't forget to turn the sound on on your own computer. Programme is called "People, Passion and Purpose" by presenter Joanna Hartl. Mon 6th Nov 2017 at 2pm.

Podcasts: Cannot be listened to on a smart phone, or an Ipad or the car radio, but at present only on a computer: (both desktop or laptop ok). Providing your computer has the adobe flash player!

There will also be a podcast of the show which is available after each show; until the next one; (so roughly 28 days) on the radio website in the Podcast / On Demand section.

In the podcast some of the recorded music (canned music or CD recordings) will be cut due to copyright law infringement. Any live music will stay as it is. When you find the show, then just click the play arrow next to the loudspeaker icon at the top.

Blessings, Peace, Love and Joy !
