### [Newsis] Visualization of “New Tribal Messiahs,” FFWPU Vision 2020

There is this phrase “the mission of New Tribal Messiahs.” It is an ideal of peace which reaches completion when each family holds an ethical and moral lifestyle attitude within their community with the spirit of “One Family under God,” and all men and women become tribal messiahs by “living for the sake of others” and establish a world of peace.

Family Federation for World Peace and Unification held the “Victory for Vision 2020! Global Worship Service for the Accomplishment of Our Mission as New Tribal Messiahs” at the Cheongshim Peace World Center in Gapyeong-gun, Gyeonggi-do, Korea on October 26th.

More than 20,000 followers, including 4,000 from Asian regions including Japan, the Philippines, Thailand, Nepal, Taiwan, Indonesia and Malaysia participated in the Global Worship Service led by Dr. Hak Ja Han Moon. The site was broadcasted live over the Internet in 194 nations. Followers in each nation participated in the worship service over the Internet.

In her speech, Dr. Han said, “In his final prayer, as he was leaving us, Rev. Moon asked that we fulfill our responsibilities as tribal messiahs. Today, let us congratulate and encourage the two nations, Thailand and the Philippines, who have been carrying out their responsibilities and have accomplished the restoration of 430 families. May today become a day of determination for every single one of us to achieve the same objective. Even clear water will deteriorate if it remains stagnant. It must move. It must flow toward the ocean. That is why it is necessary for tribal messiahs to act upon their responsibilities. The tribal messiah movement will now become a huge wave and will spread beyond Thailand and the Philippines; it will pass through several countries in Asia and pass through Europe, the Americas, Africa, Oceania and the Middle East. I hope you all become victorious, devoted and loyal sons and daughters.”

The reporting prayer by Rev. Kyeong-Seuk Lu, President of FFWPU Korea, was followed by a video introducing the activities of each continent. Then, Continental Leader of Asia Rev. Chung- Sik Yong gave his report on activities throughout Asia. In the Determination Ceremony of Blessed Central Families, one of the programs of the Global Worship Service, President of Korea CARP Sang-Pil Moon and President of Japan CARP Katsumichi Motoyama, along with representatives of each nations and organizations, made a determination to “move forward by forgiveness, love and unity for the settlement of Cheon Il Guk of freedom, peace, unification and happiness,” and handed the FFWPU flag to Dr. Han.

Rev. Yong defined that the activities of FFWPU in Asia centering on the Philippines and Thailand are beginning to stand out. For example, in the Philippines, the Philippine Interreligious Peace Blessing Ceremony was held in 15 cities starting with General Santos in southern Mindanao last March, with the intent to “rebuild the nation and realize world peace through the power of the families,” and nearly 30,000 people participated. In Thailand, major cities including Bangkok and Sri Saket have made agreements to support the True Family Movement Education and Blessing Ceremonies.

There are also cases where individuals have witnessed hundreds of families through continuous Divine Principle seminars such as Dr. Lek Thaveetermsakul (Chairman, UPF, Thailand) who has witnessed to 450 families and Sangkom Netsopa who has witnessed to 210 families. They are focused on making their hometowns into FFWPU communities.

“Vision 2020” is a goal to transform FFWPU into a “life-based religion” and to gain ten million followers by 2020, which marks the 100th birth anniversary of Rev. Sun Myung Moon (1920-2012) centering on Dr. Han. Rev. Moon and Dr. Han have earlier stated that each and every citizen of humanity are New Tribal Messiahs.
